REALLY "OFF THE COFF"

There's had new for men in the publication "Off The Coff" put out by the Men's Clothing Manufacturers' Association of Ontario. . . The cost of men's clothing has gone up between \$2.50 and \$5.00 per suit this coming fall.

The reasons for this expected increase are contained in the following article in "On The Coff":
 "Devaluation of the Canadian dollar combined with a five-cent-an-hour across-the-board wage increase, forcing up the price of man's clothing, according to Tom Apkin, Executive Director of the Men's Clothing Manufacturers' Association of Ontario."

It is expected, it is expected, will generally be in effect this fall and will amount to between \$2.50 and \$6.00 per suit, sport jacket and slacks outfit, and top coat at the retail level.

"News of the impending increase can make a little surprise to most men's clothing retailers, since many had hoped that directly men advised by manufacturers' sales representatives or in letters from their suppliers."

"Mr. Apkin said an increase became unavoidable for two reasons:

"the second half of the 1954-cent an hour wage package becoming effective July 1,

"the new three percent dollar becoming effective July 1,

"the government's new budget which saw the pound sterling go up in value as the Canadian dollar came down."

Maybe this hike will have to really come "off the cuff"—or to put it another way, maybe the cuffs should come off.

Remember what back when

AUGUST 2, 1911

A band of gypsies are camped near the town. They are south of the House of Refuge near the river. Some of the gypsies were seen in the outfit, these being several women. They came from the direction of Omeness. This afternoon it was learned they left for Peterboro.

This morning a team belonging to Mr. James, who lives near Bryon's school in Ops got into a little mix-up on White Lake. The lake is a small pond, and the wind and the horses started to back. The strain was so hard that the "off" horse fell down. They were caught before they could go any distance, and no harm was done.

A monster excursion came to town last evening from Millbrook on two steamers, The Express and the Stony Lake. There were between five and six hundred excursionists on the two boats which arrived at the lower wharf at six o'clock. The visitors expressed themselves as delighted with the trip. They left for home by G.T.R. at 8 o'clock.

AUGUST 2, 1906

Bellevue—The current appeal to smokers, particularly those who smoke cigars and cigarettes, to make sure that stubs are extinguished before they are cast away means in many cases to be in vain. A stub of a cigar or cigarette thrown from a passing auto, was thought to have been the cause of the blaze that would have caused serious damage at the farm of Harry Neale, five miles west of here had it not been for the rain. It was first noted by Mr. Neale who was engaged in mowing about midday. Driving along the road that runs in front of his farm he saw smoke ahead rising from the roadside. Hurrying the horses he arrived at the place where a blaze was rapidly spreading through the dry grass. With much effort it was extinguished however, but not before it had destroyed several rails of the fence that skirts the roadway.

Reports and Remarks....

MILITARY VICTORY POSSIBLE BY DRUGGING ENTIRE NATION

Top-secret research to produce a drug which can be spread over an entire population by military means to put them in a dream state for 30 to 300 hours where the nation is disarmed and its strategic strongholds occupied is being led by a distinguished Danish pharmacologist, Dr. Erik Jacobsen of the Medicinico Research Laboratory, Copenhagen.

Writing in the summer issue of ADDICTIONS, published by the Alcoholism and Drug Addiction Research Foundation of Ontario, Dr. Jacobsen says that chronic drugs at LSD 25 (yeast, not dextroamphetamine) have been seriously proposed for use as war gases. All reports on such matters belong to top-secret level of government institutions, but some disclosure has leaked out.

"For example, LSD 25, a compound that in minute doses produces the most pronounced symptoms, could be spread by explosive dusts and distribution, or other means over an area occupied by an enemy army or a group of rebels," writes Dr. Jacobsen. "The use of LSD 25 for a few minutes after the initiation of this tasteless and odorless substance the victims would notice nothing. Then the exposed people would feel some disagreeable, but not alarming, symptoms—nausea, mild dizziness alternating with heat flashes, excessive urine production and other signs of a disturbed function of the body. After this or other symptoms another half to one hour, these symptoms would disappear and an incessant stream of usually quite pleasant dreams would begin. While the population and its soldiers were occupied by this brilliant, beautiful and fantastic, and as a whole far from disagreeable hallucinations, they would be disarmed and their strategic strongholds occupied. When they awoke after 30 to 300 hours—without hangover—they would be just as alert as before in a perfectly normal condition, unaware of what happened."

Dr. Jacobsen observes that such a science-fiction possibility must be extremely tempting for a state fearing internal or external enemies, and doubtless much secret work is still going on in government laboratories with the object of exploiting the strategic possibilities of this or other substances with "similar effects". He admits that there are many technical difficulties in achieving this weapon, but suggests that the world would be without range of such a "psycho-pharmacological" technique.

Dr. Erik Jacobsen was in Toronto recently attending an international research seminar on alcoholism sponsored jointly by the Alcoholism and Drug Addiction Research Foundation of Ontario and the Department of Psychiatry, University of Toronto. He is the pharmacologist who developed "antabus", a drug which has been used for the past ten years as an aid to the treatment of alcohol addiction—Alcoholism and Drug Addiction Research Foundation.

STOP!.... killing yourself

By Peter J. Steinbock, M.D. F.A.C.P.

WHAT TO DO ABOUT SKIPPED BEATS

Dear Dr. Steinbock: I am a person who in your column as I really need your opinion. I have what has been diagnosed as "premature contractions." I know they are commonly called skipped beats. And how they skip! It is with me all the time, sometimes a few short beats in front of each heart beat. When this occurs I feel distressed and light-headed. Other times the heart beats two times misses, and then four and misses a beat, then beats for twelve or more beats before it misses again.

I can walk miles with no apparent distress. It is not really distress, but I am concerned, but I am not sure. Please write me your advice at the bottom of my paper, as you often do. Tell me what procedure to follow. C. Chicago.

COMMENT: You wouldn't be "normal," if you weren't concerned. It's a spooky feeling when the reliable old pump seems to act like a mechanical device—up and down the rabbit—... and hops all over the place.

I've had these skips once in a while. Fortunately, they only last for a few minutes and are gone—... for months, or years. Other times, they don't so lucky. It is the rare person who doesn't become alarmed when his heart beats irregularly.

I assume that you've been to your doctor—... where did you pick up the

OUR BEARING... with Major Hoople

THIS DAY

By United Press International
 Today is Wednesday, August 2nd, the 214th day of the year, with 151 to follow in 1961.

The moon is approaching its last quarter.

The morning stars are visible in the eastern sky.

20 to 30 pounds, or after one gave up smoking two packs of cigarettes every year; or gave up drinking.

Mr. C. B. that's about all the procedure you need to follow.

ALLERGY TO ASPIRIN
 Dear Dr. Steinbock: I am a person ever allergic to aspirin. I've taken different brands of medication that contain aspirin to stop headache attacks. I always have the same after—... effects: intestinal cramps and diarrhea which last from 24 hours.

COMMENT: Your experiments of "cause and effect" have been conducted on what approaches a scientific basis. Let's make the pharmacist a friend give you the next tablet. But tell him not to let you know if it is aspirin or some other harmless medicine. If a plain soda tablet gives you similar symptoms then you will know aspirin isn't at fault. If the soda tablet does not bother you, but another aspirin does then I go along with your suspicions: you're probably allergic to aspirin.

They'll Do It Every Time

By Jimmy Haddo

Meal Tote-ing

Whether you're motoring, sailing or sunning these first summer days, you'll be intrigued with these novel suggestions for packing and carrying the foods that make summer time a time for eating out.

Sailing Trays — for each person in the party pack an individual plastic cutlery tray. Buttered rolls, fried chicken, cole slaw, pickles, when

tomatoes, celery, tartar or cucumber, grapes or bananas are among the easily eaten finger foods which may be wrapped and placed in the various compartments of the tray. Additional pieces of cutlery, salt and pepper and paper napkins and overwrap each tray with aluminum foil. Especially suitable for boat travel, these non-spill trays provide each person with their individual lap-dining table when mealtime rolls around. No passing necessary except the beverages.

Pie Plate Pack — round metal pie plates make excellent carrying storage for picnic meals-on-the-go. Hearty sandwiches may be cut in triangular shapes, and each section carefully wrapped. Pack sections side by side, (point toward centre) into the round pie plate. Pickles, olives and celery may be packed into spaces around the edge of the plate. For dessert — a pie, of course, cut into easily handled servings before leaving home. If extra plates won't be available, wrap each serving of pie in sturdy paper or foil and return to the pie plate. Then the wrapping may serve as a plate, with only a spoon or fork to be added.

Egg Carton Carrying Case — is easily available, and handy to carry into a clean, dry egg carton, place individually wrapped halves of wieners, hams, which have been buttered and filled with favourite sandwich fillings. Peeled hard-boiled eggs, which have been halved, seasoned and individu-

George McGregor

George McGregor, of Cresswell, passed away suddenly at his home on the morning of July 27, 1981 and was 83 years of age.

Mr. McGregor was the loving husband of Isabella Balmes-McGregor, who survives him and he was the son of the late John McGregor and Barbara Forsythe.

The deceased was born in Cardross Dunbartonshire, Scotland, and came to Canada in 1910 settling in Conington. Thirty years ago he moved to Cresswell. He was a retired farmer, attended Old Kipatrick Public School, Dunbartonshire Scotland, and was a member of St. John's Presbyterian Church, Cresswell.

Besides his wife, Mr. McGregor is survived by two daughters, Helen (Mrs. Alvin Mark), R. J. Cresswell, and Barbara (Mrs. Harry Dugdale), 84 Bloor St. W., Ottawa, and one son John Duncan, of Cresswell. The deceased was the grandfather of Jack and Harvey Mark, of Ottawa; Sandra and Sherrill Dugdale, of Ottawa; Heather, Gladys, Ronald, Donald, Roy and Harold McGregor, of Cresswell, and was the great-grandfather, of Debbie and Donna Mark, of Ottawa. They all survive him.

Three brothers and two sisters, all of Scotland, predeceased him.

The funeral was held from Phipps' Funeral Parlour, Sunderland, on July 29, 1981, at 2 p.m. Rev. Wm. Finlayson, of Beaverton, conducted the service. Interment was in the Scotch Cemetery, Brockville.

The pallbearers were Lester Lake, Bruce Currie, Donald Murray, Robert Wood, Melvin Archer, and William Grant, of Orillia.

sily wrapped, and small washed tomatoes, sectioned for easy eating, and also wrapped, will fit neatly into the carton's compartments for carrying and serving ease.

The proverbial Picnic Basket is still a favourite. But do pack it carefully. We'd even suggest separate baskets for each course at the meal. Pack one for starters with newspapers, bubblewrap, napkins, juice, crackers, can opener, plastic or paper cups. The next basket for main course will carry sandwiches, salads, relishes, seasonings and condiments, extra rolls or bread and butter, plait, cutlery and more paper napkins. Then a basket for dessert might hold a delicious cake or pie, easily eaten tarts, or makings for strawberry shortcake, cheeses, fruit and plums, forks and spoons. Last, but not least, a basket for the beverages with vacuum bottles, cups, spoons, sugar, cream and canned fruit juices, soft drinks or milk for the youngsters. As each course is completed, baskets can again be pressed into service — to hold the used dishes and uneaten food, making less work for the clean-up squad at the meal's happy ending.

THE BEAGLE AND SLATS

By Russell Van Buren

L.L. ABERN

By Al Cudd

THE GENERAL, BEING GENERAL, QUARTERED HIS BANG!!

WAS KILLED THAT SHOT

IT'S POINT- BLIND, ENOUGH, SHOT

WHERE DO SLATS? THEY ARE COMING FROM THE STRATEGY POINTS THE GENERAL WAS ON

TO THE FLOOR AND REVENGE! WE HAVE KILLED A GOOD MAN AND COULD ALIVE!

YOUR HAND SEEMS TO BE MESSING AROUND SO I'LL REPEAT WHAT AN OFFICER

YOU IS TOO LOVAL TO BANG! MATE, TO EVER SET YOUR TAIL IN ANOTHER GALL-HUN, GOK?

DO YOU HEAR THAT, SLAT? HE SAID

GARTHEIST! HE SAID THAT A FINE DAY FOR TURNING IT

WALTS! ELDER IS NEW

Cannington

Mr. and Mrs. Deloris Shier have returned home from an extended motor trip through Western Canada to the west coast and visited friends and relatives at Edmonton, Alberta, Weyburn, and Calgary. They returned through the state of Michigan and called at the home of Mr. and Mrs. Eileen Shier at Tillbury, Ontario. They also had the pleasure of calling on Mr. (Dr.) E. E. Baughman and her son Dr. Kenneth Baughman and Mrs. Baughman at Abbotsford, B. C. Misses Ruth and Clara Shier of Toronto accompanied their mother and Mr. Shier on the trip to Edmonton, returning home earlier by train.

Mr. and Mrs. Roscoe Walter and Mrs. Bruce Clayton attended the dedication of Friendship House at the Peace Falls United Church in July.

Mrs. Gertrude Armstrong of Toronto, spent a few days with Dr. and Mrs. Mack Johnson.

Visitors at the home of Mr. and Mrs. C. Wright were Mr. and Mrs. Adam Wallace of Bolton, Mrs. Richard Moore of Toronto, Mr. and Mrs. Wm. Keen and Brian, of Segwage, Mr. and Mrs. Ken Bingham, Mrs. Mabel Ford, of Toronto, and Mr. and Mrs. A.H. Burgess and sister Adelaide, of Campbellford.

Mrs. Francis Snooks and her grandson, Charles McIntyre are on a holiday in Western Canada.

Dr. and Mrs. T. Lowery and Misses Armstrong, of Toronto, were guests at the home of Mr. and Mrs. R. C. Gray.

Miss Lorraine Deaton has returned home after spending a week as Camp Counsellor at Quinaculac, Quebec.

Visitors with Mr. and Mrs. Malcolm Cameron were Mr. and Mrs. Ronald Cameron and family, of Montreal, Mr. and Mrs. R. Hughes, Mr. and Mrs. Wm. Brown, Mr. and Mrs. Wm. Graydon, all of Toronto; Mr. and Mrs. B. Sedore, of Toronto; Mr. and Mrs. Ashkey and granddaughter, of Sutton.

A happy time was had by the Parliaments and Beatties at the Macdonald Park when the members of these two families met in honor of Mr. and Mrs. O'Keefe (nee Young Parliaments) and their daughters, Anne, Bridie and Eileen, of Williams Lake, B. C.

Bethany

Mr. and Mrs. Frank Martchenko and their children Mary Ann, Debbie, Diane and Wayne left for a motor trip to the West Coast and will visit with relatives in Saskatchewan en route.

Mr. and Mrs. Kenneth Spiers and Miss Donna Spiers, Buffalo, N.Y., were guests of Mr. and Mrs. Walter Neils and Mr. and Mrs. Garvin Mulligan, Jerry Graham, son of Mr. and Mrs. James Graham is in Civic Hospital, Peterborough. The little boy fell down the stairs at his home and suffered head injuries. Charles McEwen has received a word confirming his appointment as a field representative in the new retail tax branch of the government. Mr. Berridale has left aboard a training school being held at the Ontario Agricultural College, at Guelph.

Mrs. Ted Laidley and her children Paul and Deborah, at Belleville, visited her mother. Mrs. Hilliard Britton and Grandmother, Mrs. Flusna Davis.

Mr. and Mrs. Preston Neale and their children Douglas and Lynda left on a motor trip and camping trip along the St. Lawrence Seaway.

THE LITTLE WOMAN

"If you want the birthday present I thought you, got in there and had it!"

Mr. and Mrs. Thomas Jennings were guests of Mr. and Mrs. Clarence Porter at their summer cottage on Gold Lake.

Friends will regret to know that Dr. J. J. Hamilton who has been ill at his home is again a patient in Civic Hospital, Peterborough.

Mrs. Ina Palmer returned home from a month's holiday at Belle Plaine, Sask. and had his guests after her return.

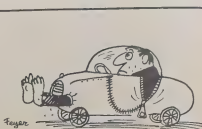

Mr. and Mrs. George Wake, Ajax; Miss Robin Horton, St. Catharines; Mr. and Mrs. Kenneth Wake and Kenneth Wright at their cottage at Viewlake.

THOUGHT FOR TODAY

Franklin Roosevelt said: "The test of our progress is not whether we add more to the abundance of those who have much; it is whether we provide enough for those who have too little."

World Weather

How to buy a made-to-measure car

If you're single, very small and have a flat top to your head there's a wide range of diminutive cars to choose from. If you're fat, a father of six and quite rich there's a similar selection of big and slightly snarky ones. But if you're more or less normal with two or three growing kids, come and see the Volkswagens. There are four smart styles to choose from. Custom, Deluxe, Standard and convertible. All designed, built and priced just for you. A perfect fit right off the production line.

Proclamation

By authority and direction of a resolution of the Council of the Town of Lindsay, I hereby declare

MONDAY, AUGUST 7, 1961

to be

CIVIC HOLIDAY

in and for the Town of Lindsay.

J. C. McIntosh,
Mayor.

"Motoring Behavior" accident might not cure Frost

Power, speed over-stressed, Premier says

The coterie of highway accident belligerents which is the scourge of Ontario's roads lies in the motorizing behaviour of the people. That is the general viewpoint of the head of Ontario's government — Prime Minister Leslie M. Frost.

Mr. Frost told a Lindsay audience on Thursday after noon he wasn't convinced that compulsory insurance and additional highway parliament were the answer to the problem. He was speaking at the official opening of the Ontario Driver Training Centre at Lindsay.

This attractive group of Girl Guides from Ontario's west and two busloads of Canadian and U.S. Guides who passed briefly at Lindsay en route to Camp Adelaide in Haliburton County. From left to right in the picture they are: Kathy Baker, Camie McGivern, Blanche Hoo.

U.S. Girl Guides pause at Lindsay

Mr. Frost also had a word to say about the trend in auto insurance by the Ontario car manufacturers. He said he felt far too much emphasis was placed on "power" and "speed" factors which were actually opposite to the trend which should be taken by those who handle motor vehicles.

Nice Catch

Haliburton (PNS) — Good fishing reports continue to flow into this highest rated "fishing from adjacent communities."

Latest report of a good catch comes from Eagle Lake about 12 miles distant and tells of a Niagara Falls tourist landing an eight-pound lake trout.

All Tarrped Up
A report of another kind is also going the rounds here. It says the residents of Haliburton are being lured to the streets by the reporting station. All-Out Effort

"Ratepayers are complaining and motorists have a time trying to get in and out of the village."

Annual picnic

The Canadian Woodmen of the World held their annual picnic at Zesty Park.

There was a good attendance of adults and children to partake of the sumptuous picnic meal, after which there were races and games for young and old. Some enjoyed the mini-prize games and enlarging mini-prizes were given to the winners of the games. The children were treated to ice cream and chocolate milk.

Everyone had an enjoyable time.

Hopes to introduce new system of licensing Ontario Drivers

Would re-examine drivers every three years

Ontario's licensed drivers, the commissioner said, should be re-examined every three years. Ontario Transport Minister R. L. Romney indicated at the official opening of the Driver Training Centre at Lindsay Thursday that this was his ambition.

He said the plan calls for the renewal of licenses every three years with the renewal date falling on the driver's birthday. A driver would be re-examined each time his license was renewed.

"Within my term of office I hope to see the recommendation become law," Mr. Romney told at the opening of a new driving examination centre. The centre is one of 41 in the province and is being opened across the province.

The report states that "Ratepayers are complaining and motorists have a time trying to get in and out of the village."

Small car lands on its top after collision

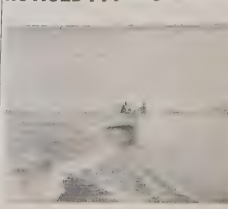

A 43-year-old Toronto lawyer miraculously survived a spectacular supercar collision at the junction of Highway 7 and 34 Friday, resulting in a fatal injury to one of the drivers.

The accident occurred when the Hilson vehicle (see picture below), a small type car, was in collision with a hearse, which was making a right turn from the Hilson vehicle.

The accident occurred when the Hilson vehicle (see picture below), a small type car, was in collision with a hearse, which was making a right turn from the Hilson vehicle.

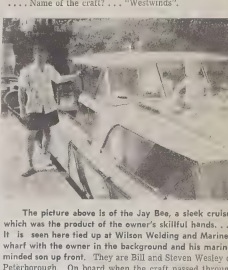

The two pictures below were taken minutes after a spectacular tractor collision in which John Hilson of Toronto sustained extensive injuries and his car was almost completely demolished. In the top photo OPP Constable Dale Coe directs traffic as a crowd quickly gathered at the scene. The lower picture shows the crumpled small car in which Hilson was travelling along with the hearse. On the right of the picture is Constable Proctor, of 45 St. Hubert Ave. Hilson was driving the hearse. George Dent who was among the first on the scene. Others who arrived on the scene shortly after the pileup were Jerry Beck and Dick Green of Lindsay.

NOTICED... along the way

Boating is becoming an increasingly popular pastime on the Trent Canal System which includes that beautiful stretch of river, known as the Skopje, which flows between Fry's Ferry on the south and Shoguen Lake on the north.

The crash in the picture above had a "cattle" "fox" pilot at the helm. ... He could spot an amateur canoeist a mile away and just as he figured the lead was going to close a slow starter, he started rocking the boat ... "Name of the craft?" ... "Westwind."

The picture above is of the Jay Bee, a sleek cruiser which was the product of the owner's skilful hands. ... It is seen here tied up at Wilson Weidman and Marine's wharf with the owner in the background and his wife, Linda, in the foreground.

They are Bill and Steven Weidman of Peterborough. On board when the craft passed through Lindsay were Bill's wife, Joan, and Jim and Marjorie Jodrell, also of Peterborough.

The picture is of an entirely different nature. In fact that's the reason it's sort of "in the dark" ... every one connected with the boat seemed to want to keep it out of the news. This was understandable because it seems the craft hit a spot of rough ground downstream from Lindsay when it struck a submerged stump or log, punching a hole in the hull and sending it to a temporary watery grave from which it later emerged. They would conclude from these pictures that boating on the Trent has its ups and downs which seems to have something in common with life in general.

STOP!.... Killing yourself

By Peter J. Steinhorn, M.D. F.A.C.P.

Hemingway

This is a book review. I never met Ernest Hemingway so I can't tell you about the man himself. But I write about his life and death, so I am not so far off base. Having read practically everything he ever wrote, I think I know him as well as anyone.

Although many days have passed since the gun went off that was heard around the literary world, I seldom think about him this morning. Unconsciously (occasionally) or consciously he squeaks that trigger. Having seen many active men reduced by illness to the final desperate act, I tried to imagine how he looked, seated and thought as he picked up the weapon.

At my bed table there was a copy of The Short Stories of Ernest Hemingway published by Modern Library. If you are interested in how Hemingway thought during those last few moments, turn to page 193 and read the end of his short story called Indian Camp, written at least 25 years ago. I don't want you to put off reading it, so here it is.

"Why did he kill himself, Daddy?"

"I don't know, Nick. He couldn't stand things, I guess."

"Do many men kill themselves, Daddy?"

"Not very many, Nick."

"Do many women?"

"Hardly ever."

"Don't they ever?"

"Oh, yes. They do some."

"Daddy?"

"Where?"

"Yes. Did Uncle George go?"

"He'll turn up all right."

"I'm dying hard, Daddy."

"No, I think you're just tired. Nick it all depends."

They were seated in the boat, Nick in the stern, his father rowing. The sun was coming up over the hills. A bass jumped, making a circle in the water. Nick trailed his hand in the water. He felt warm in the sharp chill of the morning.

In the early morning on the lake sitting in the stern of the boat with his father rowing, he felt quite sure that he would never die.

I have a feeling that Hemingway lived his life in the Awareness of Death. And every day of his living he walked with a chip on his shoulder and dared death to knock it off. For him there was not only death in the afterlife, but also in the morning.

Hemingway was like another wonderful human being who always lived in Awareness that someday he would be dead. In his book CHARLIE, a biography of his close friend Charles MacArthur, you will find these words by Ben Beach:

"From the day I met him at 19 till he died at 40, he had his eyes on mortality. He was born without the illusion of permanence."

Some people believe that Hemingway's end was an accident, not think that way. Each of us has the right to live our lives as we change things. If he did take his own life, why did he do it? He was Hemingway.

Again, Hemingway speak ... as he will in many ways for hundreds of years yet to come.

"Why did he kill himself, Daddy?"

"I don't know, Nick. He couldn't stand things, I guess."

Rust and humid weather hampering wheat harvesting

Challenger, Rust and humid weather conditions are hampering wheat harvesting on a problem by keeping moisture content rates in the early areas of high.

As a result of heavy rain, the County has been slow to harvest wheat in some areas, far more than delivered has coupled with high moisture (up to 20% moisture) content producers have been forced to postpone harvest.

"West tending more than 10% moisture is subject to 25 cents per bushel discount up to 14.5% and 5 cents per bushel from 14.5% to 15%."

"Moisture over 15% is discounted at 5 cents per bushel plus 2 cents per bushel for each 1/2% of moisture in excess of 15%."

"It is believed that both leaf and stem rust are present in Southern Ontario with some fields heavily infected, and some fields showing very little."

"Grade No. 3 wheat is substandard in the central and western portions of the province have not been infected."

"Humid weather which has led to an extent."

Happy Hour attended by an average of 50 each afternoon

Fenelon Falls (FNS) - From of the leaders, but they all held it a very worthwhile endeavour.

The summer school this year under the supervision of Adj. and Mrs. F. Barker, ably assisted by Mr. and Mrs. G. Elson, Mr. R. Beynon and Mayor E. Gage.

The theme of the entire school was "Others" and the children of the upper colony in Jamaica were happily assisted by gifts of clothing and money brought by the children.

The usual arts and crafts classes were held, with a total attendance of 300 and an average attendance of 50 each afternoon.

The school was concluded with a rally of parents and children. L. F. Horn spoke briefly of some of his experience in the program. After the rally, it was then passed it to the guests to sign.

A daily lunch was then served by the bride's helpers. An enjoyable evening was held by all.

Miscellaneous shower

A miscellaneous shower was held at the home of Mrs. Alvin Thacker in honor of Anna May Jackson (nee Thurlton) prior to her marriage.

The bride was shown to her decorated chair and wishing well and was presented with a corsage.

Many friends and relatives brought gifts. She was assisted in opening her gifts by Mrs. Fred Harty and Miss Margaret McGehee. She received many floral and musical gifts.

The bride then thanked the guests for the gifts.

A bride's book was presented to her by Mrs. Fred Harty and Miss Margaret McGehee. She was assisted in opening her gifts by Mrs. Fred Harty and Miss Margaret McGehee. She received many floral and musical gifts.

An enjoyable evening was held by all.

McAllister-Foster Wedding

—Kenlin Studio, Lindsay

Pictured above signing the register following their wedding in Cambridge St. United Church, Lindsay are Mary Noreen Foster and Ronald Joseph McAllister. Rev. Walter Auld, who officiated at the wedding is shown on the left. The bride is the daughter of Mr. and Mrs. Charles H. Foster of Lindsay. The reception was held in the IOOF Hall.

Safe driving with seat belts

Even the best-behaved child, suddenly or the car collides with something, there is less than a chance of the child being thrown out of the car. But, they danger of the baby being in the car can be trained to observe. An even safer place, simple precautions and today however, is in the arms of an adult. There are safety devices, such as adult sitting in the rear seat and wearing a safety belt, that are becoming more popular. These belts becoming more popular - and necessary - as mothers travelling with tiny annually, can be a boon to too. Infants should be placed in a padded basket or car bed. When children are big enough on the floor of the rear seat, to sit up in the car, shorten an If the driver has to brake adult belt to fit security

around them. Be sure the belt is the regulation nylon car, fastened in the standard way. Pin or knot will not hold in a crash. Don't let children stand in the car. Be firm about their sitting quietly and don't let them play with the fasteners of the belt. Safety authorities recommend visual games the children can play to pass the time. A counting game of some type usually will hold their interest. Be sure doors are locked. Lid

Minden Carnival reported success

The Minden Carnival Club's Annual Carnival last week is reported to be a great success. Proceeds will go towards the club's community welfare projects.

The mid-driving contest for ladies was won for the second year in a row by Margaret Younger. Other contests included a log sawing, won by Mrs. Betty Little the first night. The second night a team consisting of Royce Cowan and Alvin Micke, won first prize with Frank Page and Murray Davis placing second.

The carnival started out with a parade, led by the High School Band. Local judges

Wash clothes with paper towels to help prevent mastitis

One of the better ways to prevent mastitis is to use paper towels for washing underwear. Clothes and sponges may scrub dirt off the under but they carry germs, says Professor F. H. S. Newhouse of the Ontario Veterinary College. He recommends washing underwear with paper towels.

Proper sterilization of cloth and sponges is impossible in the few minutes between one cow and the next. To sterilize a cloth infected by Streptococcus, the appliance takes up to 5 hours soaking in a disinfectant solution 10 to 20 times as strong as normal.

Paper towels overcome these problems. Use a fresh one for each cow so that some or dirt can't be carried from the cow to the disinfectant or from one cow to the next. Less disinfectant solution is needed, since there is no dilution or contamination.

Paper towels cost about 2/5 of a cent a day to wash one in the village having spent new-cow, 10 cents per day for a 40-cow herd.

Mrs. W. M. Thurston, Mr. and Mrs. Hubert Elliott, Bill and Ronnie were guests at the carnival. Mr. and Mrs. Fred Cram, of Port Perry, Mr. and Mrs. Harry Davis, Bob and Nancy of Toronto, called on the Elliotts. Mr. and Mrs. Hillard Gahney of Bow Island, Alberta, have returned to their home in the village having spent several years in the west.

Be a tidy housekeeper in your car. As in your home, Bits of paper blown about may obscure the driver's vision. Any toys the children bring along should be as light as possible since a heavy toy can inflict serious injury if it is thrown about in an accident or sudden stop. —Chemistry and the Home, Dept. of Canada

Top Tunes

The following is a report of the top record, and album across Canada. This was tabulated by UPI.

TOP TEN

1. Quarter To Three 2. Yellow Bird 3. Hats Off To Larry 4. Tossing and Turning 5. Michael 6. Moody River 7. I'm Gonna Knock On Your Door 8. Don't You Sweetheart Me 9. Never On Sunday 10. Dum Dum

TOP ALBUMS

Alpine Club of Canada Climbers Seek Heights of Adventure

Donna Trotter ties a bowline in preparation for the morning climb. Climbs are planned to suit varying abilities. A short hill the climbers are women.

Look out — he's comin' down the mountain! One of the 900 members of the Alpine Club of Canada shows off his high-speed rappelling technique at the annual summer climbing camp near Jasper, Alberta. Here, climbers learn to use their ropes, eyes, brains — and muscles — while enjoying one of the more satisfying sports in the world. There is much to learn and often grueling hikes, but there is also *something* worth a high breakfast, some round the fire in the valleys, the teasing of soft and soul on the peaks. Small wonder the membership grows each year. "Conquer a mountain, conquer yourself," so the saying goes. So each dawn the climbers go, into the high places — and the grandeur of Canada's Rockies.

Indian sit through a world of wonder — the magic of dawn in the Rockies; quiet, hushed lakes, dew over grass. The green of trees, cloud-wrapped challenging peaks. ... Right, a camper keeps mosquitoes away while reading Anselmo's *Leaves*.

"Mountaineering is the art of going safely in dangerous places," said an old Austrian guide. Here, climbers pick up a lot more than that. The instructor begins a demonstration of a fall into a crevice and recovery.

SUBDIVISIONS SNOW UNDER COUNCIL

Flying manhole covers

500 LOTS INVOLVED IN LOT

One price cited calls for \$5,000 for 2-foot strip. Subdivisions and more subdivisions are taking up much of the time around the town hall these days. Reeve Harry Pearce noted Tuesday night's town council meeting that up to 300 lots are being dealt with in the various subdivisions now under consideration. Mayor Holcomb noted that he predicted at the first of the year that council would be faced with a lot of subdivisions after annexation. The Weldon subdivision was approved by council in a resolution last night, and deputations were heard representing three others. These were the Bagshaw, Wilson and Warner subdivisions.

Lawyer D. Thomas appeared on behalf of Bruce Bagshaw and wanted to build about 20 homes on an extension of Fairview Court. Mr. Thomas explained that a private individual owned a two-foot strip of land which was for no other purpose than to prevent the extension of Fairview Court. He said if his client wanted to buy it, it will cost \$5,000. "We feel we can pay all costs of expropriation and the settlement for less than that," he said.

He noted that if the town did expropriate, it would be actually for the six potential new property owners, and not just for Mr. Bagshaw. He said his client would pay completely for all necessary services, and that the value of each house would average \$25,000. He said he was asking council to expropriate in order to build a residential area of town may be opened up.

He was asked to put his request in writing, forward it to council, and it would then be referred to the town selectmen.

The other two deputations in connection with subdivisions were Vera Wilson and D. J. Warner. Meetings with the special subdivision committee and three town selectmen were held in the future.

Weather outlook

Lake Ontario Region, Lindsay Area: Sunny and warm today. Clear tonight. Thursday sunny with a few cloudy intervals. Continuing warm and humid. A few scattered showers Thursday evening. Sparks of Wisdom

DANGERS OF BEAUTY

Beauty, like life, our bolting dose of life, can be trusted on the smooth, slippery way. Pleased with the surface, we glide swiftly on. And see the dangers that we cannot touch—Dryden.

Success

Yet the success of plans and advantages to be derived from them do not at all help us, seeing the gods claim to themselves the right to decide as to the final result.—Marselline.

HUMANITY

For the interesting and inspiring thought about America, gentlemen, is that the sake of humanity itself, what she has a right to do is to improve it.—Woodrow Wilson.

EDITORIAL....

THIS CALLS FOR...

The explosions which ripped off manhole covers and blew up sections of railroad road on Colborne St. last Tuesday morning may be over but they are not means for thought. This recurrence of an explosive power in that area calls for the most thorough investigation line and the public expects the findings will be placed before it.

Fortunately no one was injured in Tuesday's blasts but it is up to say this kind of luck would hold again. A complete investigation should reveal the cause and suggest the remedy.

Reports and Remarks...

FOOD FOR THOUGHT

A management consultant firm, reporting on a study for the City of Windsor's engineering department, has made a remark that may strike a chord with local government. "It was noted," the report said, "that there is a tendency to work because there is a staff available rather than to have staff because there is work to be done." Whether or not the consultant's remark is valid in regard to North Windsor's affairs is up to that municipality's Council to decide. The remark, however, could be considered by many municipalities with a view to making sure that it does not apply to their departments and their approach to municipal needs.

Because of the tremendous development in Canada in the post-war years, departments of government at all levels have expanded in order to meet the demand for increased services of all kinds. The expansion, in large measure, has been justified. The situation, however, also has given fair scope for emperors-builders. Evidence from over the world indicates that bureaucracy tends to proliferate.

It follows that if a department has been expanded to satisfy the ambitions of an emperors-builder, then the work load of the department may have to be expanded, too. It is seldom that an emperors-builder will recommend cuts in his staff. This, in turn, can lead to make-work projects that only mean higher taxes for already pressed home owners.

In this modern age, when a high standard of municipal service is required to safeguard the health and safety of the community, no one is going to quarrel with the fact that departments of local governments should be sufficiently staffed to do their jobs properly. There must be, however, constant vigilance on the part of those who exercise the two things that the files tickled are true needs of the municipality and that they are handled efficiently.

Local officials should ask themselves more frequently this job he can if he were to hire additional staff to do it? The public demand for service, coupled with today's high costs, ensure that taxes will be too high for comfort. Too many cities are at low point, because the fruits of municipal emperors-buildings should be too high for comfort.

—The Globe and Mail.

Remember, you may back when

AUGUST 9, 1931

Manilla—Mr. John Watts met with a very serious accident recently. He was repairing the roof of his barn, to the barn floor, some 15 feet below, breaking his arm and right leg and severely injuring his hip joint. Mr. Jas. Forster, the tenant on the farm was in the barn at the time and immediately summoned help. At the time of writing Mr. Watts is progressing favourably.

Yesterday a steam train was propelled along William St. in a northerly direction, and its massive wheels left their imprint on the bitumens pavement which can be plainly noticed today. William St. ratepayers are heavily taxed for this pavement, and they naturally protest against it being damaged in this way. Owners of motor vehicles should be made to use planks when travelling along this thoroughfare.

AUGUST 9, 1931

From time to time chickens have mysteriously disappeared from the poultry buildings owned by Fred Baldwin, 145 Russell Street East. Last night Mrs. Baldwin was awakened by a noise of someone trying to get in the kitchen door. She looked out the window and saw a man dressed in a blue suit making his way across the yard to the chicken coop. Mr. Baldwin made his way quietly to the door and rushed out in an attempt to intercept the marauder. The man saw him coming and made his swift escape. Police officers in Lindsay should see that their premises are securely locked at night to avoid trouble.

STOP!... Killing yourself

By Peter J. Steinhorn, M.D. F.A.C.P.

TOGETHERNESS

I am a recent column I mentioned that sometimes together can be overcome that the human being occasionally craves aloneness. Here is the reaction of still another reader.

Dear Dr. Steinhorn: I'm pretty early, and I must say I was having quite a time opening my eyes this a.m. I was on my third cup of coffee when I came across your column on togetherness. You little answer on separate ways.

I enjoy the life with the child, but I don't want to be alone in the bathroom and take a couple of aspirin and sit on the floor for five minutes. The pain and choking then leave. Is it heart trouble? It happens frequently.

I am in my mid-fifties— and I'm not so easy to get. When the strain is great, my throat constricts with pain. I am not so easy to get. When the strain is great, my throat constricts with pain.

I am not so easy to get. When the strain is great, my throat constricts with pain. I am not so easy to get. When the strain is great, my throat constricts with pain.

I am not so easy to get. When the strain is great, my throat constricts with pain. I am not so easy to get. When the strain is great, my throat constricts with pain.

I am not so easy to get. When the strain is great, my throat constricts with pain. I am not so easy to get. When the strain is great, my throat constricts with pain.

I am not so easy to get. When the strain is great, my throat constricts with pain. I am not so easy to get. When the strain is great, my throat constricts with pain.

I am not so easy to get. When the strain is great, my throat constricts with pain. I am not so easy to get. When the strain is great, my throat constricts with pain.

I am not so easy to get. When the strain is great, my throat constricts with pain. I am not so easy to get. When the strain is great, my throat constricts with pain.

I am not so easy to get. When the strain is great, my throat constricts with pain. I am not so easy to get. When the strain is great, my throat constricts with pain.

I am not so easy to get. When the strain is great, my throat constricts with pain. I am not so easy to get. When the strain is great, my throat constricts with pain.

I am not so easy to get. When the strain is great, my throat constricts with pain. I am not so easy to get. When the strain is great, my throat constricts with pain.

I am not so easy to get. When the strain is great, my throat constricts with pain. I am not so easy to get. When the strain is great, my throat constricts with pain.

I am not so easy to get. When the strain is great, my throat constricts with pain. I am not so easy to get. When the strain is great, my throat constricts with pain.

I am not so easy to get. When the strain is great, my throat constricts with pain. I am not so easy to get. When the strain is great, my throat constricts with pain.

I am not so easy to get. When the strain is great, my throat constricts with pain. I am not so easy to get. When the strain is great, my throat constricts with pain.

I am not so easy to get. When the strain is great, my throat constricts with pain. I am not so easy to get. When the strain is great, my throat constricts with pain.

I am not so easy to get. When the strain is great, my throat constricts with pain. I am not so easy to get. When the strain is great, my throat constricts with pain.

I am not so easy to get. When the strain is great, my throat constricts with pain. I am not so easy to get. When the strain is great, my throat constricts with pain.

I am not so easy to get. When the strain is great, my throat constricts with pain. I am not so easy to get. When the strain is great, my throat constricts with pain.

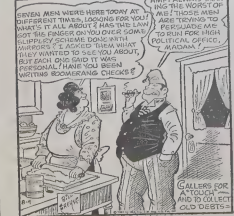

I am not so easy to get. When the strain is great, my throat constricts with pain. I am not so easy to get. When the strain is great, my throat constricts with pain.

I am not so easy to get. When the strain is great, my throat constricts with pain. I am not so easy to get. When the strain is great, my throat constricts with pain.

Lucrative racket

"Putting down, picking up"

"Putting down and picking up" . . . That's one of the newer rackets reported to be in progress in Ontario these days. Word of it came from Norman Derry, authorized representative of Pymaster Corporation, (Courtville, Ont.), Toronto.

In Lindsay and district for the last three years, Mr. Derry says the racket is a teamwork proposition - those who carry it on in pairs, or in a small group, like this: A man walks into a shop, makes a purchase, and pays for it with a \$20 bill. Some time later, his partner enters the same shop, makes a purchase and pays for it with a five-dollar bill. He might be on the lookout for dishes out, gets into his car

Would stay out of dispute, "not get caught in middle"

A statement that Lindsay stay out of the Trest was

dispute and "not get caught in the middle" by

Councillor Gordon Pepper Tuesday night, pretty well

summed up the attitude of

Lindsay's council.

Members heard a letter from the Hamilton council asking Lindsay to support its

request to the Department of Transport to discontinue the

Arnsdale plan," he said.

He was assured by Lindsay's chairman, Mr. Derry, that he

was doubtful if Mr. Hodgson would have time to meet with the council.

Mr. Derry said that he

was not sure if Mr. Hodgson would have time to meet with the council.

Mr. Derry said that he

Gloria Van Ryswick wed to William H. Robinson

Blackrock (PNS) — Tall trees formed a pretty setting for an evening ceremony on Saturday, Aug. 26, 1961 when Gloria, daughter of Mr. and Mrs. Bart Van Ryswick, was united in marriage to Norman Frederick Robinson, son of Mrs. William H. Robinson and the late Mrs. Robinson, Liverpool, England.

The ceremony was performed by Rev. Canon H. Ashmore. Givers in marriage to her

father the bride wore a street length dress of white nylon net and a dainty white head veil with white nylon net and white veils.

Attending her sister was Miss Audrey Van Ryswick, groomed in a street length dress of bouffant yellow nylon over black. The groom was attended by the bride's brother, Mr. Peter Van Ryswick.

Following the ceremony the bride and groom were seated at a table. The bride's bouquet of mixed flowers decorated the house where the bride's mother received her wearing a yellow street-length dress with matching collar and black accessories.

Following the wedding supper the bride and groom opened their gifts and expressed appreciation for them, after which an enjoyable social evening was spent. Mr. and Mrs. Robinson will reside in Blackrock.

Man, dig those puppets!

A Puppet Show put on by the children who at Norm Tompkins and David (tend) the playground. Also, there is a refreshment stand. One of the new features in this year's carnival will be Art Gallery which will do the playground, this play the work done in the past few months. The playground will be in Rock and Roll music. Other features of the Penny Carnival will be the game booths. There will be marshall throw, ball toss, horse shoe throw, dart throw, and bag toss, penny toss and the ring toss.

Of course, no carnival would be complete without the good old Fortune Teller. And this is no exception. For those who enjoy eating, there is the Lake Table stacked with all the goodies baked by the par-

William I. Elford

William Isaac Elford passed away at the Ross Memorial Hospital July 23, 1961, in his 99th year. He was the beloved son of the late Isaac and Anna Maria Werry Elford, and loving husband of the late Jennie Victoria Crenshaw.

He was born in Mariposa Township, and at an early age moved with his parents to Riley, Fenelon, where he resided until he purchased a farm in Eldon. He remained there until retired, then settled in the Village of Oakwood, where he had resided until his death.

He was a member of the United Church and attended the church as long as he was able. Surviving are five sisters and two brothers, Elizabeth J. Mary A. Ida Catharine, Hester M. Lena, Ambrose H., and Charles E. Four sisters and two brothers predeceased him. Eldon, Sarah, (Mrs. James Vico), Rosetta E. Adeline G. Richard Thomas and Heber John.

The funeral was held from the Stoddart Funeral Home, Woodville, July 25th. Rev. Wm. Bruggall, Oakwood conducted the service.

Funeral services were held at St. Catherine's, Arthur Trent, Lloyd Graham, Bert Jewell, Charles Walkers and Fred Walters.

No coin for Coyne?

Ottawa, Aug. 9 — (UPI) — Finance Minister Donald Fleming says the Bank of Canada's Board of Directors has suspended its previous decision to increase the Central Bank Governor's pension to 25-thousand dollars.

Fleming also raised doubts as to whether former Governor James G. Coyne, who resigned July 13th after a public battle with the Government, would qualify for the 25-thousand dollar pension.

The Board's February, 1960, decision to boost the governor's maximum pension from 12 to 25 thousand dollars a year and Coyne's action in regard to it were among the issues in the Governor's squabble with the Defenceable administration.

Omenee

Mr. and Mrs. Alex Bass and family have moved to Toronto. Mr. and Mrs. Dean Lantini and family, Bancroft, visited Mr. and Mrs. Percy Crawford. Mr. and Mrs. Sherman Harrison have returned from a holiday in Quebec.

Employees of the Regal Co. are enjoying their annual vacation.

Glenora

Mr. and Mrs. Norman Peachey and daughter Joan, Nelsby, spent several days during their holiday at the home of friends, Mr. and Mrs. Wm. Hoyle, Jr., William Hoyle Jr. has returned home after spending the past two weeks in a Camp Counsellor at Glen Water Camp near Beaverton.

Mrs. Wm. Hoyle and two grandchildren, of Agincourt, is spending a pleasant holiday at the home of her cousin and husband Mr. and Mrs. Wm. Brown.

Mrs. Fred Ferguson, of Manilla, spent several days at her home at Glenora. While there she had as visitors Mr. and Mrs. Wm. Burns and daughter, Mrs. Crawford and family of Beaverton; also Mr.

and Mrs. Don Ferguson, daughter Nancy and Shawa, of Columbia, following a trip through the northern country during their holidays.

Visitors at the home of Mr. and Mrs. J. D. MacMillan included Mrs. John Kerr, of Beaverton; Mr. and Mrs. Campbell Kerr, of Fenton Falls, and niece Judy of Streetsville. Mr. and Mrs. Percy Lundy, of Toronto; Misses Kathleen, Jean and Rita McCullough, of Oshawa.

Mr. Wm. Black has returned home after spending a holiday with friends and relatives at London.

A very enjoyable time was spent at the summer home near Victoria Road, of Mr. Elton Smith of Lindsay, when friends and relatives met for the McFadyen reunion. Mr. and Mrs. Angus Thornbury from Glenora were included among the many relatives. An uncle Mr. D. C. McFadyen from the Western provinces was also present.

Sympathy is extended from the Glenora Community to members of the Elford family living at Ilay and Oakwood in the passing of their brother William in the Ross Houtail where he was a patient for several weeks.

Mr. and Mrs. James R. Nesbitt and children visited Mrs. Nesbitt's brother and wife Mr. and Mrs. George Whitfield, of Beaverton, with Mrs. Nesbitt and children remaining for a week's holiday.

It was learned with regret of the sudden passing of Mr. John Larkin from a heart seizure on Wednesday. Although known to have a heart complaint he was up and around as usual when death suddenly took place while entering his home. Mr. and Mrs. Larkin were summer residents of Killarney Bay before making their home in Glenora over a year ago. Interment took place from the Newbigging Funeral Home in Toronto.

Sunderland

Mr. and Mrs. John Allen and Joe have left on a motor trip through northern Ontario.

The United Church Councils Club held their annual f-unity picnic at Stone's Park. About 100 attended and all reported having had a good time.

Mr. Harold Cotton has the foundation for his new home dug in the lot between Graydon Hogg and Charles Keeler.

Maxine Morrow is holidaying at Haliburton with Diana Ray. Mrs. Fred Farrell, of Blackwater, is a patient in St. Michael's Hospital, Toronto. Mr. Don Ballard, who graduated from Teacher's College, Peterborough, this year has accepted a position in Beaverton Public School. Miss Helen Bantony also a graduate from the Peterborough College is going to teach in Sunderland.

Miss Beverley Thompson is a patient in Lindsay Hospital. Mr. Jack Lindsay has purchased a lot in Mr. Bert W. Sedell and has begun to build a home opposite Mr. Reg. Cookman.

Country Cottage are building a large garage for their milk trucks on the large highway north of Mr. Reg. Johnson's.

CUBS GUESTS OF SCOUTMASTER

Fifteen Cubs belonging to the 6th Lindsay troop, sponsored by the Royal Canadian Legion, Lindsay, were guests at a cub camp at Scoutmaster Lorne Jones Cottage at Fenton Lake near Beaverton over the Civic Holiday week end.

The boys report a grand time under the leadership of Mr. Jones, Ray Patton, Cubmaster, and Alan Kingsborough, assistant Scoutmaster.

PERCY HOUZER * SUPER-QUALITY MEN'S CLOTHING & FURNISHINGS 121 KENT ST. LINDSAY ONT.

1974 JULY AUGUST NOVEMBER DECEMBER 1974

HAS BEEN LAG PARK

Better service and schedules, said leaskee

Mayor Joe Holton of Lindsay has criticized the Canadian National Railway as being partly to blame for the recent passenger service problems. He said he felt that the poor service from passenger service on the Belleville-Toronto line via Lindsay could be improved by better service, more suitable schedules and more frequent trainings.

The railroad has applied to have this service curtailed and the hearing will be held in September. Lindsay's council is going to oppose the application and the hearing will be held on September 10. "I think we can put up a pretty good case," Mayor Holton said. "Part of the fault lies with the railroad - they're still operating in many ways the way they were 25 years ago."

Another point in favour of Lindsay's case, said Mayor Holton is that Lindsay helped finance the railroad when it was started in 1954. It had debentured nearly \$100,000 for railroads in their early days. "I think it's reasonable some responsibility toward the railroad," he said.

Lease king

The Leask family reunion was held at Cedar Stone Park. The day was ideal and many enjoyed reminiscing over the years.

A bounteous picnic was enjoyed by everyone at noon and Mr. Lewis Boston provided ice-cream for all. This was much appreciated. Mrs. Roy Leask conducted the business while still at the table. The president for next year will be Mr. Fred Dobson and secretary Mrs. Wes Lane. The Sports Committee consisted of John Leask, Hugh Dobson, Roy Leask and Ralph Duty. John Leask was asked to keep up the date the Leask Family and bring it to the picnic each year. It was suggested we have a card of remembrance.

John Leask, Myrtle Tom Leask (Tubridge) and Frank Leask, of three and four years of age, were present (all over 90 years of age).

The oldest lady present was Mrs. Mary Leask, Blackwater. The oldest man was Mr. Billy McCulloch, Blackwater. Laura Leask, daughter of Mr. and Mrs. Edward Leask, (Oshawa) was the youngest baby. The driver was the farthest distance was Ted Ratcliffe, of Toronto, and the person with the shortest distance was Cathy Stone, Saint-John.

The games were conducted by Mr. Edward Leask, John Leask and Hugh Dobson. The following boys won prizes: Roy Leask and John Leask, two years under; Valerie Stearns, nine years under; Peter Leask, 11 years under; Bill Edwards, 13 years under and John Leask, 15 years under.

The remainder of the afternoon was spent swimming, and a few were able to stay for their supper as well.

There were 145 invitations sent out over quite a large area. The guests included: Mrs. Sakashchew and her family. Two Leask families from Ontario have been in Canada for a few years. They arrived here. All were pleased to have them there.

the town," he stated.

A special committee to study the matter was appointed early in 1980. The committee's chairman, Mel D'Amico, said he hoped the matter would be resolved by Tuesday's council meeting via Lindsay council.

Questioned further about the matter of a press conference, he said that the town did not care about the Lindsay - Belleville-Toronto. "The present time schedule is not good," he said. "A morning train from here could be able to reach Toronto before 9:00."

He also said that no real plan has been offered to improve from any other municipality or company affected by the proposed schedule change.

The town, his worship explained, has sent letters out to the railroad to oppose the passenger service with drawal, and invited other companies to oppose the railroad's decision.

Paul R. J. Wright

The funeral of Paul Robert Wright, son of Mr. and Mrs. George Wright, R.R. Penfold Falls, was conducted on July 11, 1981.

His tragic death from drowning on July 8th, shocked the community. While fishing in the Decade Lake, near Nigot Creek, the shallow boat in which the fishing party was sitting began to sink and Wright jumped into the water. Although able to swim he was handicapped by his clothing and it is thought he must have suffered a cramp.

He was 18 months and 5 months old, and had been with his parents at 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

He was buried in the Penfold family plot at All Saints' Wood Funeral Home. He was interred in the Penfold family plot at All Saints' Wood Funeral Home.

Funeral services were conducted by Rev. K. Bonnell at All Saints' Wood Funeral Home. The service was held at 11:00 a.m. on July 11, 1981.

The service was held at 11:00 a.m. on July 11, 1981. The service was held at 11:00 a.m. on July 11, 1981.

The service was held at 11:00 a.m. on July 11, 1981. The service was held at 11:00 a.m. on July 11, 1981.

The service was held at 11:00 a.m. on July 11, 1981. The service was held at 11:00 a.m. on July 11, 1981.

The service was held at 11:00 a.m. on July 11, 1981. The service was held at 11:00 a.m. on July 11, 1981.

Warden would buy locomotives

Victoria County's Warden C. O. Hodgson is an historically-minded man. He established that fact earlier in the week when he invited Victoria County Historical Society President Dan McQuarrie to come along and look over some antique locomotives he brought to the town.

Interested in acquiring. The train, above left, is seen standing beside one of the locomotives as it passed for the lunch hour at the Kirkfield Station. Left panel shows the centre in plant manager, Jack Barker, who has been in the firm for 38 years, all but two of which have been spent at the Kirkfield operation, and on the right is the warden that the museum try and acquire one or two of them. No price was discussed but Mr. Barker explained that the two locomotives had recently been reconditioned. That were operative was apparent as one came steaming up the narrow gauge line leading from the quarry to the processing plant pushing a heavy cargo of bulk limestone. In the lower picture a engine driver Jack McInnes who obligingly stopped No. 4103 so his guests could see it.

St. Lawrence Centre of Oakville. Mr. Barker said it would continue to function as a unit of Associates Quaries.

Leaner cuts from swine on pasture

It doesn't pay to cry grains at a time of shortages. The pig on pasture paid the same rate as the drylot pig without grain and feed. The Canadian Department of Agriculture said.

Acoustic R.C. The pig was raised from 50 to 100 pounds in drylot pen or individual paddocks on corn and soybeans. The pig was raised from 50 to 100 pounds in drylot pen or individual paddocks on corn and soybeans. The pig was raised from 50 to 100 pounds in drylot pen or individual paddocks on corn and soybeans.

Percentage lean cuts in the carcass averaged 41.3 for drylot and 41.3 for drylot with grain and 43.7 for pasture. Pigs fed grain consumed an average of 2.7 pounds per day on a dry matter basis. -Canada Dept. of Agriculture.

Banner painted by artist and new Union Jack pride of lodge to parade here

A new banner and a spanking new Union Jack will be seen in Lindsay on Derby Day when the new Union Jack will be seen in Lindsay on Derby Day when the new Union Jack will be seen in Lindsay on Derby Day.

Named after the late Sir Knight N. Charles Wallace, M.P. of Woodbridge, the precinct was instituted in 1960.

Visiting in Lindsay, likes Premier Douglas

A former Lindsay resident, who has lived in Saskatchewan for the past 30 years told "The Star" today that she longed to take her home periodically.

Mrs. Leask Purvis, is visiting in Lindsay and is staying at the home of her sister, Mrs. Wm. Crawford on Burton Street.

She says she doesn't know much about politics, but thinks that the CPC under Douglas leadership has done a good job in Saskatchewan.

She says she knows the name Douglas family quite well, and thinks the New Democratic Party's new leader will do a good job.

LAZAR MINISTER AMAZED AT INTEREST IN G.P.C. BY INDIANS IN NORTH

A Lindsay minister who just returned from spending a month at Moonossee and the government hospital at Moose Factory is content to say that the G.P.C. is one thing which amazed him most during his stay was the interest shown in the Gospel by Indians and Eskimos.

Reverend Max G. of Calgary Temple told his month in the north during which he taught Bible school and preached. "Every time I preached the Arctic day, I was in the company of several books among them 'The Night', and 'The Night', and 'The Night'.

"Telling of the life of Jesus, the long trip trip up and back as 'terrible' but the country was beautiful. He described the Arctic day, I was in the company of several books among them 'The Night', and 'The Night', and 'The Night'.

Now you know... Jos. A. (Joe) Murphy of R. S. Lindsay is making a trip from surgery. He says he has seen many people are missing but he was feeling a lot better than he was before he had a tane-up.

Peach of a pudding

"Peaches were known as far back as 2000 B.C. At that time they were much more hard and with a sour flavor. Despite these drawbacks they were raised in the Orient, the East, Turkish and Chinese regions. Peaches were first brought to North America by the earliest Spanish explorers who planted trees in Mexico. And it wasn't long before French and English colonists began planting peach orchards far and near. Here, too, in the past fifty years that peach has been developed to its present state of perfection - large, tender, plump and deliciously flavored."

The improvement in eating quality has come not only through breeding, but also through better methods of packing and shipping. Peaches are defused before boxing and many varieties have been developed for shipping.

R. R. B. Bockaway and Mr. R. B. Bockaway, who are the sons of Mrs. Anna Smith and the late Mr. Smith, are the owners of the farm.

DINING LOUNGE IN OFFING AFTER SOMERVILLE VOTE?

Usually well informed time before a permanently closed dining lounge would be in operation as LCBO requires permits to take that sort of business capital to prepare acceptable premises was lack of the village.

Somerville Township's population recently endorsed liquor outlets, and dining lounge licences in a plebiscite. At the time of the vote, the "yes" vote stated that although lounge licences were endorsed, the Village of Cobconk is reported to be wanting one.

General Motors layoff causes large increase in local jobless total

The manager of the National Automobile Council in a letter to C. McFarquhar, says that in the last year to predict the employment for the month of January. At the present time, he gave unemployment figures for 486 male and 195 female for a week. Of the 486 males registered for work at the time of the survey, 196 are General Motors employees.

STOP!.... killing yourself

By Peter J. Steiner, M.D. F.A.C.P.

ORDINARY EXAMINATION by the doctor. There must be many cases in which it is possible to "miss" a beginning tumor that is to have the doctor tell him in what they already know. One says: "I know I'm fat and feeling the lump to the pathologist for examination. But it makes me feel better to see the doctor tell me it's there."

Therefore, I'm glad to say a new diagnostic procedure seems to be on the way. It is called "X-ray" and is a quick and simple, and unobtrusive examination. It has been reported in the JAMA. Dr. J. J. Gerbacia-Cohen, M.D. and Dr. M. Berger of the Albert Einstein Medical Center, Philadelphia.

The doctor asks this question at the beginning of their medical report. Can delayed diagnosis and treatment of breast tumors be avoided by periodic X-ray examinations of women 40 years of age? The results of a 5-year study, reported and interpreted here, indicated "yes."

Although self-examination is still important, it is not sufficient to prevent the day is not far off when routine breast X-rays will save lives.

It is true that X-rays properly taken and interpreted, often disclose the presence of a breast tumor, which might have been overlooked by the doctor.

DIAGNOSIS OF CANCER OF THE BREAST

Dear Dr. Steiner: My husband has just taught me how to make self-examination. I've been told that it's important to pay attention early if a lump forms. In the breast. He says that the simple precaution saves hundreds of thousands of lives in cancer of the breast. But I seem like I'm responsible for a layman to take. After all, we're not doctors. Sincerely, M.

COMMENT: I recall a number of patients who are alive today because they "picked up" a small lump in the breast a month or two after they had been to their doctor for an examination. Had they waited for their next physical month later, it would have been too late.

Nevertheless, I agree that self-examination is quite a responsibility. In fact, so to the

Noticed along the way

Earl Kennedy is still talking about the wonderful trip he had to Europe. One of the things he enjoyed about it most was the fact that it didn't cost him anything. He was sponsored as far as Paris and return by the RCA Victor company for a band-up job of selling television sets. From there, he was with relatives who supplied the transportation. His tour of operation took him through part of France, Germany and some of the lowland countries.

Warden C. C. Hodgson says the fact that Premier Leslie Frost has seen it that the Portage Road between the two counties is a provincial road will save Victoria and Ontario counties money. The road was formerly maintained by the two counties as a development road.

Speaking about Warden Hodgson, he makes a great travelling companion and it only takes a few miles on the road to find out that he knows plenty about Victoria County. At his invitation a representative of this newspaper attended the plaque-unveiling ceremony near Billy Young's Corner last Tuesday. That was only the beginning of an enlightening day. Leaving Billy's former stomping grounds, the pair made their way over to the quarry of Wolford Gravel Stone Ltd. and had a nice chat with some of the boys there, including Russell Hicks, Joe Connolly and the man who runs the place, Jack Barker.

By this time both had a kind of an all-gone feeling in their stomachs and so they headed for Cobconk and The Palms House, itself an historic spot renowned for its excellent meals. After a delicious slice of ham, house-fried new potatoes and green peas, topped off with an aromatic cup of coffee, the road led to Nipigon. There was seen evidence of a tentative cottage development along the river and Shadow Lake. The wardens also took time out to note that plans were underway to have modern bridges built to replace the narrow gauge structures now traversing the river on the road out of Nipigon to Kimmont. Being in a bit of a rush to get to Kimmont, little time was spent in Nipigon after it was discovered that no one sold film for Polaroid Land Cameras. On arrival at Kimmont, the pair passed at Scott's General Store where acquaintances were renewed with Mr. Scott, Mr. Wright and Mr. Schultz, the latter a customer with whom the newsmen had worked on a road-building job some years back with the late Chas. Lindsay was in his hey-day as a road foreman. It was recalled that Mr. Lindsay had an annoying habit of looking at his watch frequently around the 20-minute mark of a 30-minute lunch hour. One day Mr. Schultz took it in his head to have a showdown with Mr. Lindsay who had developed another trait which was getting on his nerves. It was a kind of standing drink from him several times when he was due to resume work. On the showdown day, Mr. Lindsay marched up as usual, handed his watch and gave Mr. Schultz a rather fixed stare. Looking up from his mug of tea, Mr. Schultz gave Mr. Lindsay a fixed stare right back and asked: "Was there something you wanted to say to me, Mr. Lindsay?" ... At that Mr. Lindsay turned on his heel and walked away—From that day on he was more watch-checking while standing over Mr. Schultz.

And that just about wraps up this installment of the Belovest-Norland trip ... Keep looking for more about this happy trip in future issues of Lindsay's last really truly independent local newspaper ...

Since this column is concerned primarily with people who are the creators who after making a picture has that sort of thing, this whole column might as well be devoted to them. In the photo above George Pieny of the building supply firm bringing a name. The picture was taken for no reason at all except that it was a study in contrast. George likes the old sailor style hat when it comes to something to keep the sun off his face. He's working his hand when it comes to extra he likes almost anything, with certain reservations. He has been known to force Fred's of early vintage but on this particular occasion he was sporting around in a Cadillac. George says the Cadillac gives him wonderful mileage on a long trip and it's twice as comfortable as a Model T Ford. On this particular occasion he was driving on a short run — just downtown for dinner with his wife. And that's the long and the short of that story, except for the fact that Newt was not successful in the lowland. Exhibition came along about the same time and wanted to talk about something else — The Don Messer Show, billed to play here next Thursday night.

Additional sewage facilities biggest pending need—Mayor

RURAL FIRE PROTECTION

Every so often we hear of cases of rural fires from a fire department refused to answer a call. The most recent example of this occurred in a small town owned by Gordon Henderson of Lindsay, and a 4000 acres owned by Master Fries of Lindsay. The property was situated in Emily Township, about two miles south, and one mile east of Dundas.

As reported in this newspaper, the Lindsay Fire Department was contacted and the caller was referred to the Omemee department. A second call was placed, and the Omemee Fire Department declined to attend. The fire department was out of its jurisdiction and that a special meeting of council would have to be held before the trucks could be sent out.

Was this an easy way for the Omemee Department to avoid answering an alarm at 3:00 a.m., poor organization, or too much red tape?

We do not believe so, but further investigation is warranted. The culture of officers and men in all Victoria County's firefighting units, indeed, throughout Ontario County's firefighting units, are first priority. As for organization and procedure—these are laid down by the following orders of the elected representatives—and serious legal consequences could result if they refused. One may wonder, however, if in the event of a serious emergency, some discretion by a fire chief could be used.

Reeve George Stephenson of Emily accepted that had the Henderson property been included in an agreement. He stated that such an agreement was available for \$5 per year for a sufficient number of farmers get together. The importance of these agreements is great to all municipal councils who support fire brigades, including Lindsay. By understanding how such agreements work, and how they are covered by a fire protection agreement rural dwellers could avoid these periodic instances where alarms cannot be answered.

Head of the mutual aid fire fighting system in Victoria County, Chief Arnold Watson, of Lindsay, agreed that departments were often hampered on rural alarms by lack of a proper agreement either between municipalities or individual farmers. He also noted that there was often a doubt as to which department to call. This apparently helps down to the need of a planned fire emergency program on the part of rural dwellers and property owners. Joint action on the part of neighbours may be necessary in order to obtain definite firefighting service. People should post the correct fire department and its number near the phone. (This can also apply to urban dwellers, many who do not have emergency numbers posted.)

These measures appear to be common sense, and could go a long way towards eliminating similar situations in the future.

Reports and Remarks...

U.S. PUBLIC OPINION

Partisan politics of the worst and most intractable kind are one of the basic controlling factors in the United States. Efforts to chart a way and moderate foreign policy are constantly undermined by an opposition hostile to liberty, the status quo and does not wish which points out the facts to inflame public opinion.

President John F. Kennedy is currently receiving the full force from his Republican opponents who may yet exceed the record of vilification they achieved by accusing Presidents Harry S. Truman and Franklin D. Roosevelt of "too years of treason."

The familiar line from Mr. Kennedy is that the Republic National Clubs William E. Miller, for example, delivered on a recent television program: "It is lack of firmness which has destroyed our country," said Harry Goldwater, one of the candidates for Republican leadership, said: "If it were left to the American people we would be in Cuba tonight."

A demonstration of how facts are distorted to mislead public opinion was provided by Mr. Miller during his broadcast. He said:

"We have this self-imposed ban on nuclear testing. We don't know whether Russia is abiding by this or not. As a matter of fact, only a day or two ago, the Russian statement or a speech in which he said that the Russians now had a bomb more horrible than ever before contemplated. How could he say this unless he has been testing?"

I think we are regarding the security of ourselves and the free world by this continuing discussion at Geneva, without setting a specific date.

Nobody on the program said it to correct Mr. Miller, but the fact is that Mr. Khrushchev did not say he had a horrible new bomb. He said that his scientists had advised him that such a bomb could be made, which is a very different thing. There is, therefore, no evidence that Russia has been breaking the test ban, and no case on which to ground, for breaking of the Geneva negotiations.

Exposed to this sort of propaganda day after day, it is little wonder that the U.S. public can be whipped into near hysteria about the Communist bogey. How often there have been calm and reflective consideration of the critical issues of our time in such an atmosphere.

The Globe And Mail.

STOP! Killing yourself

By Peter M.D. F.A.C.P.

DOCTOR, REMEMBER THE PATIENT I think they are as human as the next fellow. But somehow their feelings don't get through to the patient. I think they should be more efficient doctor. But there's one thing I miss, the personal touch. I think that modern doctors are sometimes too scientific.

TO TAKE PENCILLIN FOR COMMON SENSE

For some time here I have been stressing this point: don't take penicillin as casually as if you were swallowing hard candy, and don't "inject" that your doctor gives you a "shot" for an ordinary cold. That way you invite trouble because you may be the one to get a severe reaction to the penicillin treatment - a severe skin outbreak or worse. And besides, penicillin isn't any more effective in treating the ordinary cold than other simple medicines.

I was interested, therefore, to run across a report that had been made a few years ago by G. A. Cronk, M.D., and associates of Syracuse University in a study of 3,254 patients with upper respiratory infections, their complications, their effectiveness of various types of aspirin compounds given alone, with penicillin, and with penicillin and antibiotics. The result? Aspirin was ineffective in helping relief of diagnosis and the patient's discomfort, in reducing fever and getting the patient out of bed.

AFRAID OF BLACK WIDOW SPIDER

Dear Dr. Steinhilber: Don't think me silly, but I am deathly afraid of spiders. What if I should have one in my room? I would I have it stung by a black widow spider?

But there are some like your doctor, who are -- as you say -- "too scientific." Yet, I doubt that they have called "arachnophobia." (The word is almost as scary as the

Today about twenty minutes after twelve the fire in a small building at the rear of his residence in which he stored his apples. The structure was completely gutted. There was nothing in the building at the time and the fire is supposed to have started by a spark from a bonfire.

The heartfelt sympathy of the community will go out to Dr. and Mrs. Sutton in the death of their youngest child, Lloyd George, aged 2 years, 6 months and 15 days. The little one passed away last evening as a result of the terrible burns received Sunday morning.

AUGUST 10, 1936

George Gordon, of Lindsay has patented a folding baby carriage which should prove a great boon to mothers this winter. The invention combines the characteristics of every baby carriage, making it possible to have either a wheeler or runner on the carriage, merely on the pressing of a lever. If the mother is wheeling her baby over a sidewalk, the parent and she has to cross the icy road, she merely presses a lever and the wheels go up under the body of the vehicle and the sleigh runners come down. The operation is as simple when it is required to change from the runners to wheels. The invention is especially useful in the winter time when it is necessary to take the carriage up and down the porch steps. With the straight runners on it requires two to lift the precious burden up or down. Using the wheels as experienced mother can perform the operation herself. Mr. Gordon has received considerable employment from his invention doing his own manufacturing. Similar inventions have been placed on the market but without success owing to a certain feature which Mr. Gordon states is overcome in his patent.

WHATEVER YOU LIKE
Call them. Offer tables, chairs, sofas, beds, and more. Whatever you like... these small pieces sometimes referred to as accessories, furniture do as much as anything there to dress up a room. They fill in what is often an awkward space in an otherwise well-furnished living area. Also, they are as handy as any contrivance you can ask for. They're decorative and useful in so many ways and Canadian furniture manufacturers offer a wide variety of types and designs -- lamp and step tables, cocktail tables, games tables, end tables -- to suit that fit your requirements. Would it surprise you to learn that there are still homes without any sort of coffee or cocktail table? Sometimes the cause of a mistaken idea that furniture should be primly placed around a room. Try a good-looking table in front of your sofa, or

CLARKE & Jack and Marie (one Sweetman) are happy to announce the birth of their son, **William B. Clarke**, 8 lb. 6 oz. on Friday, Aug. 11, 1964 at the Lindsay Hospital. A brother for Jacqueline. (13610)

Cards of Thanks
MCGREGOR, We wish to express our deepest thanks to all our neighbors, friends and relatives for their kind deeds, expressions of sympathy, flowers and cards. Special thanks to Rev. Pittman, Dr. Anderson, Pauline's Funeral Home and Creswell neighbours and friends who were so kind to be in our bereavement, the loss of a loving husband and father. Mrs. George McGregor and family. (13580)

Words cannot express our gratitude to each and everyone who has helped us through these days of sorrow, with cards, words of sympathy and deeds of infinite kindness. We can only say Thanks very much. Mrs. Elsie Lauson and family. (14104)

Engagements
Mr. and Mrs. Norman Kay, Lindsay, announce the engagement of their youngest daughter, Shirley Ann, to Dr. John Douglas O'Connell, son of Mrs. and Mr. George Edward O'Connell. The wedding will take place in the Lindsay United Church on Saturday, September the 9th, 1964 at 2:00 p.m. (13573)

Mr. and Mrs. Morley Cook of Lorneville wish to announce the engagement of their daughter, Dorothy Blanche to William Edward, son of Mr. Charles McPhail and the late Mrs. McPhail of Woodville. Marriage to take place Sept. 9, 1964. (13591)

Mr. and Mrs. Elmer F. Bayley, Lindsay, announce the engagement of their daughter, Diana Shirley to Mr. Carl George Weirich Jr., son of Mrs. and Mr. Karl Joseph Weirich Sr., Newcastle. Wedding to take place Saturday, Sept. 26th, 1964 at 3:30 p.m. in Queen St. United Church. (13642)

Mr. and Mrs. Leonard Pogue wish to announce the engagement of their daughter, Margaret Leanne to Mr. Morley Robert Nokes, youngest son of Mr. and Mrs. Maurice Nokes, Oakwood. Wedding to take place September 18, 1964 at 2:00 o'clock in the Oakwood United Church. (13640)

In Memoriam
WHITE -- In loving memory of a dear mother, Elsie, who passed away August 16th, 1964. Lovingly remembered by her family. (14065)

CLARKE, Floyd Ernest -- In loving memory of our dear son and brother who passed away August 14, 1958. We little knew when we woke that sorrow the day would bring. For the call was sudden, the shock severe. To part with one we loved as dear. -- Ever remembered by mother, father, sister Marie and uncle Everett. (14065)

CHAMBERLAIN, Duncan -- In loving memory of a dear father who departed this life August 15th, 1950, also remembered by those who passed away on February 4th, 1955. Gone from us, but leaving memories. Death can never take away, Memories that will always remain. While upon this earth we stay -- Always remembered by daughter Mary, son-in-law Bruce and grandchildren Karen and Sandra. (13530)

In Memoriam
MOASE -- In loving memory of Norman Moase, who passed away August 18, 1947. Also buried at home this week in the Bend and Kingston. (13532)

Friends of Mrs. Syd Elden are sorry to hear that she has been confined to her home, due to illness for the past three weeks.

Mrs. Laura O'Connor of Toronto, was in town attending the funeral of her brother Philip J. Brady.

Mr. and Mrs. Francis L. Short of Toronto visited her mother, Mrs. A. L. Short at Oakwood.

Parson Francis -- Miss Ellen David entertained at her home on Francis St. at a miscellaneous supper, in honour of Donna Sharf's marriage to Murray Packer will take place in the near future.

Donna was welcomed by Mrs. Devitt and escorted to a wedding. Leslie Aschewitz: 2:20; 3:30; 4:40. Lawrence Holt: 1:14; 4:20; 5:30; 6:40.

Dunsford farmer burned in barn fire

4,500 CHICKENS ROASTED ALIVE

Old cars, new and old friends

Just back from England, Lindsay chief thinks Canada has better traffic system

Home after a three-week vacation with his wife in England, Chief John Hunter said, "the policemen of England look very smart in their uniforms and they do not direct traffic as we do here. Canada has copied the Irish system of directing traffic and it is much the better."

Chief John Hunter and his wife left three weeks ago for a short business and pleasure trip to England. They stayed with relatives in Blackpool, a resort on Northern County. While there, the couple visited Wales, some old monasteries and castles around the district.

Mr. Hunter said he had been to England, Ireland and Scotland two years ago. When asked by "The Post" what changes had taken place in that he replied that there had been a large increase in motor vehicles and parking places.

At a time when Lindsay is considering curtailing parking on its streets, England in two years has relaxed most of its restrictions on street parking and in many areas vehicles are permitted to park on both sides of the streets, day or night, even though its streets are narrow for passage of two lanes of traffic," Chief Hunter stated.

Chief Hunter went on to say, "The various types of traffic"

signs are far more alert than as Canadian signs with the ex-laud, Chief John Hunter said, "the policemen of England look very smart in their uniforms and they do not direct traffic as we do here. Canada has copied the Irish system of directing traffic and it is much the better."

A Dunsford farmer was seriously burned, and a large barn containing 4,500 chickens was completely destroyed by fire early this morning. Scene of the fire was Gordon Henderson's chicken farm, about two miles south and one mile east of Dunsford. Injured, when a gas tank exploded was 38-year-old Norman Gerny, who received serious burns to both hands, face and knees. He is reported by Ross Memorial Hospital officials to be in only "fair" condition.

Value of the barn, which was completely gutted in the fire, is not yet known, but the loss of several thousand chickens is estimated at over \$5,000.

Mr. Henderson had rented the barn temporarily to Major Fred of Lindsay, and a spokesman at the office placed a value of \$3,000 on the chickens which were lost. Had the fire struck a day earlier, the loss might have been up to 14,000 chickens, about all ten weeks old.

The fire started shortly before 3:00 a.m. The first alarm was turned into Lindsay taken to hospital. Mr. Henderson was slightly burned on the head. He was advised to ask the department chief, who he did not answer the call. He expressed his opinion of the fire, saying that the fire was a great loss to the farm and to the community.

-- Derry Day Scenes --

Here are some scenes from the Derry Day celebrations held at Lindsay on Saturday. Reading from left to right and down: Grand and two grandsons relax after parade before big parade—There are Grant McLaughlin, Ed Harris (grandson) and Neil McLaughlin, all of Blackstock. Grand (left), then quite a small boy, was here for the July 12th celebrations five years ago next Simon Oliver of Bobcaygeon sits atop a steam car waiting the C.N.R. train for the Ontario, Albert Powers (with a briet) of Lindsay C.P.R. travel office, says they they ever gave a parade for the

one who had marched in Derry Day parades in the great number of places, he would win—"But they don't do it" he added; Marie Lindsay of Lindsay, the man who headed up arrangements for the celebration is next. The Ross-Groby Pipe Band of Toronto plays welcoming music; G. T. Belnavis, left, and Charles Grandson of Toronto, prepare to board the Toronto-bound special as it awaits its double-header diesel unit to hook on. Finally, a picture on the train of Chief Red Douglas and the youngest brave in the parade, George, riding in his father's arms.

Beautiful glassware display in honour of Centennial

Tests? In summer ...

Swimming test time is here according to Mrs. Art Trux, the Red Cross Water Safety Tests are scheduled for the 29th and 30th of August.

Mrs. Trux said that the tests in July were extremely successful and that only four failed out of a total of 50 who tried.

The swimming enrolment by the Museum soon this year is up considerably from last year and most of the children taking the course are doing very well.

The Royal Life Saving Tests are scheduled for this Thursday and everyone enrolled is anticipating the coming tests with enthusiasm.

"Keep at it," they are urged by instructors, you can never tell when you may need the training that you are gaining by this type of instruction."

In honour of the Centennial of Victoria County the Historical Society has prepared a display in the window of Tapp's Furniture Store which they hope will be enjoyed by the public.

This fine collection of amber, crystal and frosted glassware is a small part of a donation recently made by Mrs. W. A. Woodruff, who has been collecting such items for over 50 years.

A similar gift by her sister, Mrs. Chas. Shields was recently received by the Museum soon this year is up considerably from last year and most of the children taking the course are doing very well.

The Royal Life Saving Tests are scheduled for this Thursday and everyone enrolled is anticipating the coming tests with enthusiasm.

"Keep at it," they are urged by instructors, you can never tell when you may need the training that you are gaining by this type of instruction."

Caesarea Community Park scene of WI meeting

Blackstock (PNS) — The Women's Institute held their August meeting in the Community Park Centre with ladies and eight children attending.

The meeting opened in the usual manner followed by the introduction of visitors and business.

Mrs. Stanford Van Camp gave the Hospital report and the visit to St. John's Altitude was accepted.

Mrs. Dalton Dorey presided for the program. The hostesses kept the body healthy, the mind clear, and the Queen.

The puns told, was prepared by Mrs. H. Bailey and read by Mrs. R. Ford. Nancy Dorey gave a reading "The cost of a long holiday." Current events were given by Mrs. Percy Van Camp. Mrs. Dorey introduced Mrs. Ormiston, Oshawa and Mrs. T. Baker, Selkirk.

Mrs. Ormiston put on a little plastic demonstration. After all have viewed their products and on their orders, lunch of hot dogs and a treatise was served.

The meeting closed with the benediction.

Dairymen

Mrs. Johannek Jean McMillan presently in West Kelowna is visiting in Strathmore. While there, she is the constant visitor of "Upper Canada Village."

"THE PRESS" LONDON, ONTARIO, WEDNESDAY, AUGUST 15, 1945

Mason Horner

Mason Horner, O.C., of Cambridge, Ontario, died at the age of 62, of a coronary attack on Friday, July 28. The funeral was held on Sunday, June 8, 1938, at which time he was buried in his own plot.

He was born in Zephyr, Ont., to William and Rebecca Horner. He was married to Margaret, daughter of William and Rebecca Horner, in 1921. In Toronto, he was a member of the Ontario Farmers' Union, where he has resided since.

Mr. Horner graduated from the University of Toronto in 1919 and from Osgoode Hall in 1922. He was a member of the Ontario Bar Association and was a partner in the law firm of W. G. Greig, O.C., and J. H. Greig, O.C., in Toronto.

He was a member of the Ontario Bar Association and was a partner in the law firm of W. G. Greig, O.C., and J. H. Greig, O.C., in Toronto.

They'll Do It Every Time

By Jimmy Halo

There's a "A TREAT-A SCENE WATERWAY UNUSUAL" in this HISTORICAL-SCENES OF MODERN LIVING

Tape recorded interview with S. A. officers heard at August WMS

Bethany (PNS) — Mrs. Patsy Mrs. Burdon are presently holding at Fenelon Falls, Miss Mary McKenzie entered the members of the W.M.S. of the United Church for their meeting.

Mrs. George Richardson gave an account of the beginning of the Salvation Army founded by Major Booth and his wife Katherine in the east end of London, England, in 1865, first known as Christian Mission. Mrs. Richardson continued with a tape recording of her personal interview with Major Burdon and his wife who also has the headquarters and a letter of the Salvation Army in Toronto. The interview revealed much of the great work done by the Army in social service and evangelism. Major and enjoyed.

Says convention was success

Mr. Carl Daniel, the president of the local congregation of Jehovah's Witnesses, reports that the Campbellford Convention was a success.

Over 800 people from 17 centers in a 75 mile radius of Campbellford were present. Young and old alike shared in the meetings and in the door-to-door distribution of Watchtower publications in and around the convention theme. "Walk in the Name of Jehovah Forever". Speakers on the program stressed that fulfilling this theme really involved one's thoughts, words and actions in every circumstance. Bible study, prayer and active witnessing were declared to be a necessary part of every Christian's life.

LARGE CROWD ATTENDS ANNUAL LEGION PICNIC

Sunny but cool weather prevailed throughout the day for the annual picnic held by the Lindsay Royal Canadian Legion at Emily Provincial Park Sunday. Legionnaires and their families gathered throughout the day and by 1:00 p.m. a good crowd was in attendance to enjoy a day of fellowship together. An added attraction this year was a pony belonging to Bob Trotter, member of Branch 67.

This proved very exciting for the children, who enjoyed free rides, and our thanks go out to Bob for the use of the pony. Silverwood truck also added a great deal of attraction for the children when free ice cream and chocolate milk were handed out.

The Legion appreciated the services of Mrs. Olive Wilson, Nursing sister of the First World War, who was there to render first aid to anyone who needed it. Tom Purdy, chairman of the entertainment and his committee were commended by executive for a very successful picnic.

Following is a list of races and winners

GIRLS
Two years old: June Starr, Loraine Walton.
Three years old: Kathy Hancock, one entry.
Four and five years old: Debbie Robinson, Kathy Shannon (tie), Barbara Shannon.
Six and seven years old: Shirley Cunningham, Susan Hughes.

Oldest veteran member: attendance: James Henderson 76 years.
George Kemp, chairman of the race committee, received a prize in appreciation of his services. Prizes for the races were all in cash.

Couch grass once used for making bread

Couch grass, sometimes called quack, quick, dog or witch grass, although a problem weed in Ontario, was used for bread making in 18th century England. The British botanist Withering wrote "The root, dried and ground to meal, have been used to make bread in times of scarcity." Other authors refer to medicinal values of couch grass. One states that Couch grass obstruction of the liver and gall and ease the gripping pains of the stomach. "The moral of this story might be, 'If you can't beat it, eat it.'"

Seriously speaking, couch grass is hard to beat. A hardy perennial with wide-spreading, jointed roots, it forms green, matted beds in the soil.

New plants spring up from each root joint and even small, broken root section may re-invent a garden or field.

According to the Field Crop Branch, Ontario Department of Agriculture, couch grass can be controlled by frequent plowing and through cultivation with a spring-tooth harrow or cultivator. In dry weather, it is not wise after application of these chemicals. Depending on the underground, chemicals may be costly for over-all field crops which produce a new application, but are ideal for plant. Chemical control has eradicated small patches but now they have a chance to grow. Amnio triazole or dal-spraying for further information, applied in the early fall, upon the manufacturer's spring when the couch is directed and refer to Op 10 to 15 pounds in 30 gal-ture Publication No. 75, "801" of water per acre, and Guide to Chemical Weed followed two weeks later by Control", available from the plowing, gives remarkable County Agricultural Representation. Another chemical's advice.

Committees appointed for August supper

Varenia (PNS)—The W.A. of the Visiting Committee was meeting was held in the gym by Mrs. Roy Grills and schoolroom of the church by Mrs. Jack Sharpe. Mrs. Annie Coulson reported for the charge of the devotional service. They were called to worship by singing "The Lord is My Shepherd". The Bible reading was read by Mrs. Cephas Jordan, all trust that the "Star" will soon be able to resume her duties as usual in the W.A. work. Mrs. Boyd Sharp was the treasurer's report of work and money raised during the past month. It was moved and seconded that the W.A. have their annual supper in August and the following committees were appointed: Cooking: Mrs. Lenore Sandison, Mrs. Ross Sheldon, Mrs. Ben Hewlett, Mrs. Cecil Casper, Table Waiters: (1) Mrs. Cephas Jordan, Mrs. Jack Coulson; (2) Mrs. Boyd Sharpe, Mrs. Nelson Sharpe; (3) Mrs. Annie Coulson, Mrs. Ralph Field, Mrs. Bill Mark; (4) Mrs. Gordon Grills, Mrs. Art Baker, Mrs. Roy Grills, Tea Committee: Mrs. Orr Mark and Mrs. R. S. Swain. Ticket Sellers: Mrs. Jack Coulson, Boyd Sharpe, David Swain, Bazar Committee: Mrs. Ken Mark, Mrs. Bob Henderson, Mrs. Orville Hicks, Mrs. Art Hicks, Mrs. Mac Glasgow.

The offering was received by Miss Nancy Mark, and all joined in singing "We Give Thee But Thine Own". The meeting closed by repeating the watchword, after which a social was held. Lunch was served by Mrs. Coulson, Mrs. Baker, Mrs. Gordon Grills, and a social time spent.

Young Bloods Battle the Broncs

Rodeo! Cry that brings western youths flocking from miles around. Each summer, near Calgary, Alta., Young Blood Indians hold a rodeo, run up interest in skilled horsemanship. During Bloods pit their skill against bucking brocs. Young braves prove themselves in the dust of the arena. Echo of days when the hard-bitten Bloods ruled Canada's western plains.

National Film Board of Canada Photos.

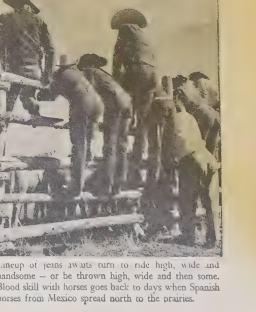

Cowboy calms horse in the chute before ride. With such youthful training, many Bloods take their place on the rodeo circuit in later years. One Blood, Tom Three Persons, became champion brocc rider of the world.

Tribal elders watch critically as young Bloods vie for silver belt buckles and the pride of their kind. Rodeos are featured throughout the west, hold a special attraction for these youths who inherit legends of horsemanship.

ship running back two hundred years. Horses gave the Bloods immense freedom and mobility, from which sprang a nomadic cultural culture that called the whole west its own and roamed at will within it.

Lineup of teams awaits turn to ride high, wide and handsome — or be thrown high, wide and then some. Blood skill with horses goes back to days when Spanish horses from Mexico spread north to the prairies.

Chatterbox

— by Millicent —

HAPPY ENDING
The story of a romance born in Philadelphia in 1910 which has a happy ending in the Northern Italy. Fortunio Bettelli will marry Rivia Bertozzi. He is 75 ... she is 71. They met in Philadelphia more than 50 years ago. The two immigrants became engaged ... but he had to return to Italy so the engagement was broken and they both met someone else. Bettelli became a widower in 1958. This year ... he heard that she had been widowed. He wrote to her immediately. They were married in Italy in July ... some 47 years after their original engagement.

UNDER QUARANTINE
Health authorities in Roanoke, Virginia, have about one third of the city under quarantine for animals. The city of 70,000 people is fighting an outbreak of rabies. Two young boys were bitten last week by rabid cat ... and a pet rabbit attacked another child and his mother. Officials say the quarantine period in Indefinite.

MIXED MARRIAGES
Mixed marriages are the subject of a committee report at the annual convention in Strickland, Pennsylvania of Alpha Zedek ... boys' division of B.Nat.Beth. The report says it is inevitable that persons of different religious faiths will marry. But ... in the committee ... both Jewish and Christian churches have it will remove the and.

HOUSEHOLD SCRAPPAGE
Roberts Mail
Once you have thawed your meat, use it. Never re-freeze, except after it has been cooked in a form that lends itself to freezing leftovers.

Fun-Digging
It will be much easier to open the claims you catch if you pour boiling water over them and let stand for a few minutes. And if you'll add a handful of salt to the water, the worms and the and.

Announcements

At Rest

HEWLE, Ella At the Bon Air Nursing Home, Cannington, on Saturday, August 19, 1968, Ella (Westway) Hewle in her 88th year, beloved wife of late Robert Andrew Hewle and late William Oliver of Cannington, and widow of Brooklyn, and grandmother of Catherine (Mrs. Grace Keleto) of Oakville and Mary Olive of Cannington. David and Margaret Hewle of Brooklyn. Burial at Mount Pleasant, St. Mary's, on August 20, at 2:30 p.m. Interment at Ingle Cemetery. (H4152)

CONDOLENCES
A Jackson, Mississippi, mother in law, who died after saving the lives of her two small daughters. Friends say 32-year-old Mrs. Lynn Russell would be find herself trapped by flames in her second story apartment. She wore a window and dropped her seven-year-old daughter to safety ... then wrapped a blanket around her five-year-old daughter and rushed out the door. She was hospitalized with body burns and cut on her hands and face.

BEAUTY TIP
Between shampoo ... keep your hair clean and shiny by slipping an old towel stocking over your brush before the traditional one-third stroke.

Birth Notice
BARRY — Pearl and Tony are happy to announce the safe arrival of their son Keith Ivan on August 27, at the Toronto Western Hospital. (H4156)

Cards of Thanks
We wish to extend our thanks to our friends and relatives for their deep expressions of sympathy and love for our dear brother, and to the doctors and nurses and to Rev. Father Hart. Also special thanks to the family of the late Mrs. Gerald Silver. Friends and neighbours for their kind expressions of sympathy and flowers. Their recent bereavement. — Mrs. James Wright and family. (H4139)

WHICKEY (the family) to the James Wright wish to express thanks and appreciation to their relatives, friends and neighbours for their kind expressions of sympathy and flowers. Their recent bereavement. — Mrs. James Wright and family. (H4139)

125 attend guards picnic
Ontario's 125th Militia Reformatory Guards and their families held their annual picnic at Emily Park.

Upwards of 125 attend
from Peterboro, Milbrook, Lindsay and surrounding area. Games, races, supervised swimming, softball, sing-song etc., rounded out a pleasant and enjoyable evening. Guards of the militia night shift and 7:00 - 3:00 shift mostly attended, but Fred Laus for his conoling message, and to Stoddart and Sons, Woodville, for the kind and efficient service rendered. — The brothers and sisters of Elizabeth Jane Eiford (13693).

Engagement
Mr. and Mrs. Robert W. Tate, New Toronto, Ontario, announce the engagement of their only daughter, Myra Elizabeth, to Mr. James Charles Arnold McNeil, son of Mrs. Arnold McNeil, and Mr. Charles McNeil of Toronto. The wedding will take place at 4:00 p.m. Saturday, September 13th, at St. James Presbyterian Church, Long Branch, Ontario. (H4188)

In Memoriam
McFADYEN — In loving memory of a dear wife and mother, Mary Victoria McFadyen, who passed away August 19th, 1965. Within our store of memories She holds a place apart. For no one else can ever greet. More cherished in our hearts. — Lovingly remembered by husband and family. (H4167)

CAMPBELL — In memory of an old friend, Duane Campbell of Hartley, Ontario. He has gone across the river. To the shores of ever green. We long to see his clear face. But the river flows between. Our eager eyes are watching. To the skies so dark and grey. For the dear one who has left us. — Just a year ago today. — Sadly missed by his friends Duane Campbell and family. Uphill, Ontario. (H4191)

Shower honors

Mr. and Mrs. G. Venning

Blackstock (P.S.) — Another shower was held in the Community hall when friends gathered to honour Mr. and Mrs. G. Venning (nee Marie Cassady).

Mr. John Hamilton was the chairman. Community singing was led by Mr. Hamilton with Mrs. Nell Bailey and Mrs. N. Werry accompanying him. Nancy Dorrell and Mrs. W. Omenne (P.S.) — Results of the field crop comparison sponsored annually by the Emily Agricultural Society have been announced.

The judge was Mr. Wallace Thurston, of Bobcaygeon. One of several varieties were judged.

Standing in order of merit were: 1. Joseph Mortuary; 2. Joseph Cassady; 3. Wesley William; 4. James Pigott; 5. Elmer Harlow; 6. Arthur Darling; 7. Bruce Finley; 8. Don O'Neill; 9. Vernon Lang; 10. Harvey Laidley; 11. Murray Felt; 12. Wm. Acreman; 13. Dennis Acreman; 14. Nelson Hines; 16. Victor Williams; 17. Donald Franks; 18. Stanley Taylor.

ing friends in the village. Mr. and Mrs. John Rochio were visitors from Toronto. Mr. and Mrs. Jack Calan and family, of Montreal, have been holidaying here for the past month.

Trees! trees! trees!

Over 150,000 trees are to be planted in the Victoria County Forest this fall. 125,000 of them will be planted in the Victoria County area and the other 25,000 will be put in the Emily township area.

The Department of Lands and Forests has announced that 362,000 trees will be planted in the Lindsay District. The project will provide at least 800 man days of employment. Planters will be hired from areas within ten miles of the proposed projects.

Mrs. Clarence Barker will receive piano classes in September. Phone Woodville (H4139)

CEMENTRY DECORATION
Decorative Service will be held at Oakdale School, August 27th, 2:30 p.m. Guest speaker Rev. Sidney Lambert. (H4140)

42 years
(Continued from Page 1)

The tenor of the gathering that he will be a band man to replace and all wished he and Mrs. Coombs the best in their continued duration of retirement.

A hearty lunch was served by the host. Very Grasty, which brought a very pleasant evening to a close.

Mr. Wilson stressed that the guessing contest is a free feature of the fair. He also said he has one or two more features up his sleeve which he cannot talk about until the deals are closed. "You tell your readers to read your paper for highlights of the forthcoming exhibition."

Brook High School examination results

The following students of W. W. Wagg, Cavalry (C) High School will receive the Second School Honor Graduation Certificate. A minimum of eight papers is required for this diploma. Brackets after the student's name indicate the number of papers obtained. (English literature, geometry, physics and French authors.)
Larry, Larry (10); Barnes, Marilyn (10); Dane, Lois (8); Fong, Helen (10); Lloyd, Helen (10); Lusk, Betty (11); Plunk, Ross (8); Nixon, Jack (8); Parks, Michael (8); Smith, Elmer (8); Walein, Patricia (8); Wells, Edward (French, Composition and 8); Wertoff, Donald (8); music)

L & F to hold sale of confiscated guns and hunting equipment

The Department of Lands and Forests will be holding (forthcoming one) an auction sale of confiscated firearms and other hunting equipment at Lindsay, Saturday, September 8th, at 1:30 p.m. This sale was announced in a regular bulletin issued by the department.

All the sales will be on each basis, with no reserve bids.

Messrs. Christie and Ke Lamb, of Lindsay, will be the auctioneers, and sales lots will be charged on all items.

Viewing dates and times prior to the sale are as follows: Thursday, September 7th, from 1 p.m. to 5 p.m.; Friday, September 8th, from 1 p.m. to 9 p.m.; and Saturday, September 9th, from 9 a.m. to 5 p.m.

These sales usually draw a lot of interest and a large crowd is again expected at the sale.

5 Lindsay visits lake same boat

Five Lindsayvis will all be leaving for England on the same boat early Thursday morning from Montreal.

Mr. and Mrs. Charles Brett, Mr. and Mrs. Tom Price and Cliff Green, all booked passage to England on the Empress of England.

When the bookings were made, none of them knew that others were taking the same ship at the same time.

Mr. and Mrs. Charles Brett will be visiting in Kent and West coast during their stay.

This will be the first trip back to their home country since they came over here to live three years ago.

Cliff Green is going over for a four week vacation with his unit in London. He will be accompanied by his mother as far as Montreal.

The Bretts and Mr. Green are expected to be returning on the Empress of Britain.

Dunstond
Mr. and Mrs. Walter Marshall and children, of St. Catharines, are visiting here. Mr. and Mrs. Corran Robertson.
Mr. and Mrs. Fox, of Toronto, and Mr. and Mrs. W. D. Henderson.
Mr. Norman Gernymy who falls.

KK take further step to success, place 4th in 60-band competition

The Lindsay Kiwanis Club here have reached another step in the ladder of success. On Sunday night, the popular Lindsay drum corps placed fourth place in a competition in Hamburg, New York. The competition was in conjunction with the 40th County Veterans' Day and was held in the city of Hamburg, a little fifteen miles from Buffalo.

There were an estimated 60 drum corps present with 20 of them in the same class as the Kiwanis. The band of first place were from another Canadian corps, Niagara Memorial Militaire, Waterloo.

St. John's WA hold AGUST meeting

Blackstock (PUS) — St. John's WA met in the Blackstock Hall on Sunday night and one child present. The president opened the meeting with a hymn.

The devotional period was taken by Mrs. John Hamilton. During the hour, the president, Mrs. Hamilton, and one child present. The president opened the meeting with a hymn.

"King fish"

A veteran of World War 1 and in ill health for some time, Maurice George Moly Lippingwell passed away on Monday, August 7, 1961, at the Ross Memorial Hospital. He was in his 68th year.

Mr. Lippingwell was born at Brecken, Kent, England, in 1893. He spent most of his life as a farmer. During World War I, he joined the 5th Oxfordshire Battalion and then transferred to the 2nd Highlanders, leaving Great Britain in 1914 to 1919.

Mr. Lippingwell is survived by two brothers, Bert, of Cannington and William, of Springfield, England, and three sisters, Anne Lippingwell, Mrs. Martin, and Alice, Mrs. Woods, all of Shillingbourne, Kent.

The Rev. S. A. Kirk, of All Saints Anglican Church, conducted the funeral service on Wednesday, August 9th, in the M. R. Summerfield, St. Paul Funeral Home. Interment was made in Cedar Vale Cemetery.

As acting pallbearers were Messrs. Roscoe King, J. J. R. King, and a certificate of completion obtained from an instructor in burial training.

A person 15 years of age may obtain a hunting licence provided he submits written permission from his parents as well as a certificate of competence.

REQUIRE PROOF TO OBTAIN HUNTING LICENCE

The Ontario Department of Lands and Forests reminds all hunters that each applicant for a hunting licence must show proof of his ability to obtain a certificate of competence.

As acting pallbearers were Messrs. Roscoe King, J. J. R. King, and a certificate of completion obtained from an instructor in burial training.

A person 15 years of age may obtain a hunting licence provided he submits written permission from his parents as well as a certificate of competence.

THE LITTLE WOMAN

"O.K., Mrs. Butterworth, you're a very sick woman—does THAT make you feel better?"

Fifteenth anniversary celebrated by Mr. and Mrs. M. Arnott

About 21 gathered at the home of Mr. and Mrs. Fred Arnott of their little brothers, Worsley, of Islay, to celebrate with his sister and husband their fifteenth wedding anniversary.

Mr. and Mrs. Maurice Arnott and family arrived at the home of her brother and wife to find that her mother Mrs. Elmer Worsley, of Peniston Falls, Mr. and Mrs. Maurice Cuddehe, John Lynda and Joie, of Little Britain, Drs. Mr. and Mrs. S. M. Schroeder, of Peniston Falls were already present.

A bountiful turkey supper with all its trimmings, which had previously been prepared by Mrs. Fred Worsley awaited them. An anniversary fruit cake and a birthday cake prepared by Mrs. Arnott's mother with an ice cream finished a very delightful meal.

At the close of supper Arlene and Jimmy Worsley prepared their aunt and uncle with two chairs, Jimmy washing them both much happiness. Brenda and Margaret Arnott then gave their mother and father two beautiful bouquets.

Neil Wilson, venerated past warden

When people think of North-eastern Victoria County, and more especially the Kinnouart area, they are almost certain to think of the man who helped pioneer the district, and mould local politics—Mr. Neil Wilson of Kinnouart village.

Mr. Wilson recalls the time when Kinnouart Fair didn't take in any more than \$100. It was raised at a Sunday School picnic (remember the "Linton" and other "rescue" which used to carry the kids down the Scugog to such interesting places as Pleasant Point, Penetang, Fals, Bobcaygeon and Sturgeon Point to mention but a few!)—maybe \$25. Last year, thanks to guiding hands of such widely known Jack as A. Y. Hopkins, Jack Clarke, Neil Wilson and Joseph Byrne, the fair grossed round \$2,800. (Times do change, don't they?)

However, to stick to the late Mr. Wilson deserves a special place in this Centennial Edition of "The Lindsay Daily Post" by reason of the fact that he is a venerated past warden of this beautiful and expansive county which is still going forward despite the wonderful progress it has experienced over the years.

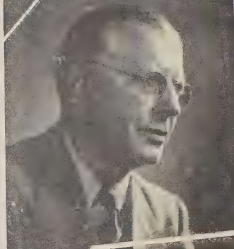

"I am sure the citizens of Lindsay would join me in saying 'road of progress' and 'community development'. It makes a part in the growth and development of the county but also of Lindsay. I feel sure too, the people of Victoria County has played Lindsay would want me to have an important part in the progress of the county every success in the past 100 years."

The Warden's Supper February 6, 1885

From "Post" Files
Of Same Year
The new warden, Mr. W. H. Brown, reeve of McLean, Ontario, entertained the members of Caledonian, vocalist, and the council and a number of others contributed a number of songs. The warden was the Benson house last Thurs. complained on his election, day evening. The report was and bore his honors right well. substantial and satisfactory. The crowded date of our there being an excellent bill of commons renders it impossible for as well as the "invites", for us to give particulars. A warden occupied the verbatim report of the speaker, and Col. Deacon, the ones of Mr. Devin and Mr. vice-chair. Speeches were Kennedy in responding to the made by nearly everybody (most of the ladies would have present, and an exceedingly being highly interesting.

THE HONOURABLE MR. FROST VICTORIA SKETCHES

A message... from Prime Minister Leslie M. Frost, O.C., President of the Council, Ontario.

"It is a pleasure to extend 1859. Haliburton County had its first day, beginnings of anniversary of a distant county settlement. Victoria County, at least in southern parts, was in area of nature community of the county council and the settlement having commenced almost 40 years previously. For Victoria County, therefore, this Centennial doesn't mark the beginning of a community, but its present form. County government. For Haliburton County, actually this period saw the very beginning of that new prosperous community."

"Just about that time, in the year 1859, Haliburton County had its first day, beginnings of anniversary of a distant county settlement. Victoria County, at least in southern parts, was in area of nature community of the county council and the settlement having commenced almost 40 years previously. For Victoria County, therefore, this Centennial doesn't mark the beginning of a community, but its present form. County government. For Haliburton County, actually this period saw the very beginning of that new prosperous community."

Have we all tried?

Many people have commented on the lack of celebration for Victoria County's 100th birthday Sunday. Certainly a tree planting ceremony on the courthouse lawn is not the usual idea of centennial celebrations. On the other hand, perhaps this midsummer day in 1961 which has been set aside could better be used as a time for reflection than celebration.

A one hundredth anniversary is a good time to think about celebrations and about the past, but it is also a good time to consider the present and the future. It is acknowledged as a time to honour the memory and achievements of the early pioneers but what does the word pioneers actually mean. The dictionary says that a pioneer is one who goes before, preparing the way for others to follow.

While we may well honour the memory of those hardy pioneers who "prepared the way" in Victoria County and named the wilderness, there have been many pioneers since then. There are pioneers living in Victoria County today, and no doubt some of the present younger generation will be pioneers of the future—pioneers in science, in humanity in many other new and wonderful fields. We could all, in fact be pioneers. Have we all tried?

Victoria County's first hundred years have been years of progress and development. Have we all contributed to this, and are we all working together to make the next hundred years show even greater progress and development?

Without a spirit of co-operation, the early settlers in Victoria would not have been able to clear the land, build homes, churches and public buildings. These are the type of reflections which are just as appropriate on this hundredth anniversary as jubilant celebrations and flag-waving.

Victoria Sketches Centennial

Anyone who has lived for years in this wonderful County of Victoria must feel that being half a century old is something at a once in a while.

The county itself is twice as old but it is not able to speak for itself. It therefore would seem appropriate for a resident of 50 years to write a few words on behalf of the county and the many outstanding citizens it has produced over the years.

It has been said that one writes best about those things with which one is most familiar. I therefore would like to write about those things which are most familiar to me.

Victoria County probably had its beginning somewhere between Omnesse, Downville, Oakwood and Little Britain, moving some from the Oakwood-Little Britain area, (near Mariposa) it necessarily follows that "Victoria Sketches" will be confined to that district, praying that the rest of the county will in no way feel slighted.

Since every story must have a beginning, and since most beginnings begin with birth, it is perhaps only natural that one should recall some of the early pioneers of the county.

In the days following the birth of the 20th century, Oakwood and Little Britain were served by what was then known as "General Practitioners". . . . In Oakwood there were several and succeeding doctors who endeavored them to the residents in the area for years. Dale, Vroom, and McCormack to mention but a few. Just a few years later, Little Britain was there was Dr. G. W. Hall, a man who, like the others of the time, was a pioneer in the form of modern rural, electrical power, and modern education. In very many ways the conditions of today bear very little resemblance to the way in which medicine for the those of 50 years ago. By the way, the people and not his means of road communication. We are relatively close to great areas of population now and on—like bear stories—there's no end to them.

Is this Lindsay, for example, when we are back over the years we think about such physicians and surgeons as Dr. G. W. Hall, Dr. W. T. Rich, still living and still practicing here. Dr. W. T. Rich still living and still practicing here. Dr. W. T. Rich still living and still practicing here. Dr. W. T. Rich still living and still practicing here.

Greetings from the Warden

My Fellow Citizens: I am very pleased, as Warden of the County of Victoria, to have the privilege of bringing you greetings on this very important occasion.

One hundred years of development in a particular area brings a number of changes which we hope are for the betterment of the people. Our local government needs today have the privilege of bringing you greetings on this very important occasion.

EDITORIALS

CONGRATULATIONS . . .

Congratulations are in order today to two organizations within the illustrious Victoria Column - Victoria Council and Lindsay-Kinross Clubs.

Victoria Column, with the assistance of members of the county and area local organizations, has just received congratulations for the way in which the celebration of the county's centennial was carried off.

The Lindsay Kinross Club, which is congratulated for having provided the necessary carnival atmosphere as a prelude to the more formal Sunday commemoration of the 100th anniversary of the county's incorporation, has also received congratulations for the way in which the two occasions came so close together but unobtrusively or otherwise, was a classic example of what a little teamwork can do.

Congratulations!

A FESTIVE OCCASION . . .

This is indeed a festive occasion for the town of Lindsay. It is one of those occasions which occur once in a year, and has been occurring for many years. We refer, of course, to the spectacular Lindsay-Kinross Club's "Forward Look".

At this time, we find ourselves at a loss for adequate words to express our appreciation to the Lindsay-Kinross Club for their contribution to the carnival spirit of the town. . . However, we can say thank you to this progressive club for its help in making Lindsay the town with the "forward look".

Reports and Remarks...

KICKING MUM AROUND

Ducks and geese, it seems, are particularly prone to assume that the first relatively large object to appear in the sky is the sun or the moon. Most often, of course, it is the mother bird; but not always. In a recent BBC broadcast Eric Roberts gave an amusing account of the characteristic bird behaviour, known as 'imprinting', led astray a family of ducks at Nevada University. "The first object they happened to see in the sky," he said, "was a red football and instinctively they assumed that this plump, colorful, rather attractive old thing was Mum. Even when Mum suffers the indignity of being kicked upfield, the young ducklings all go quacking affectionately after her."

SLEEPING CHANCES

Sleeping chances in methods of handling newspapers and magazines are under study in an important report carried out by the Post Office Department in co-operation with major Canadian publishers. It was announced today by Postmaster General William Handberg.

The experiment, at present confined to major publications in Montreal and Toronto, is expected to result in savings in the cost of carrying newspapers and magazines by rail. It is also expected to produce improvements in the speed of handling newspapers by mail. Canadian publishers are being asked to submit proposals for a mail test and were offering their fullest co-operation.

In the experimental operation, newspapers will no longer be carried in the post office by parcel post but will be sorted for onward transmission. Instead, postage rates will be calculated from the publishers records which will be used by the Post Office Department. Cutting out the weighing operation will save hundreds of thousands of man-hours at major post office terminals. Mr. Hamilton said, and will permit newspaper publishers to meet mail delivery deadlines which were formerly impossible. In addition, he noted, the post office will have a more accurate record of newspaper mailings and postal revenues will be more closely protected.

Mr. Hamilton said that the experiment could eventually be extended to all holders of second-class mailing privileges in Canada.

NO HIDING PLACE

A Swedish submarine, peacefully moored at a dockside recently, was struck by a runaway motor car. Apparently there is no refuge left on earth from the automobile. It cuts down its victims on the roadway and the sidewalk. It follows them into ditches and inside buildings, and now it is pursuing them to sea.

The only place of safety left seems to be the outer space, but even this is not too sure. When the astronaut reaches the moon and steps out of his capsule, he may probably be hit by a truck, or at least a scooter, that somehow got there first.

THE ANCIENT FOWL
It is hard to imagine what man would do without that commonest of all birds - the domestic fowl, or chicken. It is kept in every part of the globe, except in extremely hot climates, and there are some thirty million in Britain alone - rather less or more according to the season.

In a recent broadcast in BBC 'Birds in Britain' programme heard regularly by home listeners, ornithologists James Fisher and Derek Goodwin discussed the history of this important species which has been domesticated since ancient times. "Lulus Caesar," for instance, recorded that he found it in Britain when he invaded it, although the Ancient Britons kept their domestic fowls and did not think it right to eat them. This may have been because they kept them for the sport of cock-fighting, which was highly popular over large areas of the country, or because of some taboo connected with the fact that they were used for religious sacrifices. They were mentioned, too, by the Greek writers Herodotus and Aristotle. In the last century and 19th century the Christian era. They were brought into Greece from Persia, and presumably came to Persia from further east. They probably were brought to China from Northern India in the last century and about 1400 B.C. Apart from its use as a sacrifice - in ancient times - for sport, as food and a supplier of feathers, the chicken is used in many other ways. It is a source of scientific experimentation into genetics.

The people write

All letters addressed to this column must be signed by the writer. Whether or not the writers name appears in the newspaper shall be determined by the local circumstances. No anonymous letters, excepting to bring the writers' experience to the notice of the first named person, will be printed. The editor reserves the right to edit letters for clarity and brevity.

Headlines it will be!

Omenfire Fire Chief states position

The Editor
The Lindsay Daily Post,
Dear Sir,

As Fire Chief of the Omenfire Fire Dept. I would like to explain why I did not call out my fire department to go to the fire at the Henderson farm on 7-11 miles from Omenfire.

The village of Omenfire on the fire fighting circuit is only about 85,000 feet, more if it had to be replaced. They are not equipped with any fire ranking equipment and are constantly being new equipment such as hose, rubber boots, new pumps and ladders.

Noticed along the way

(1A)

The bear story of 7 (let's hope not) all bear stories has arrived. The author - Wellington Jaffer of 3211000 Ave., Toronto, Ontario, has been a visitor to our village has arrived. As a matter of fact more than one bear story arrived and from conversations with Tom Watson of Lindsay (formerly of Oakwood) and others, interested in the type of story is widespread and on the increase. However, to stick to the text, here is Mr. Jaffer's first installment of bear stories:

Whenever the wandering bear suddenly appeared on the Oakwood Public Square and started their animal dancing, the citizens learned to be on their guard. One such bear was seen at Oakwood at the same time. The bear was standing a little behind Adam Journeay, unperceived by him as he gazed, all eyes, at the other animals dancing on their hind legs, while their men partners took long looks in the air and called out:

"Dum, dum, dum, dum, dum."

At first Adam paid no attention as he watched when two men went around him and began to hug him. He dug his elbows into the rib of what he thought was one of the bigger boys. The hugging then proceeded to hug him, so that he thought it must be a grove man having a joke with a boy; but almost immediately it became so strong that he looked down and there he saw two grizzly bears around him. It was all over before he could realize the situation. The bear had pulled away from his keeper some six feet to start his hugging performance. The keeper ordered him to stop the hugging and when he heard did he dug the ironshod pole into its side. It understood that language and stopped.

BEAR STORY NO. 2
RASPBERRY BEARS

On another occasion Adam had gone into the Aspley woods to pick raspberries. Something plugging in the woods to pick raspberries. He started running away. When he got to the edge of the woods he looked back. No bear was following him, so he began edging back to where he had dropped the pile of berries. Only the pall was left.

Just then Adam heard the noise of boys at the edge of the woods in a different direction. He kept quiet to the edge of the woods and when he was near to where the boys were picking raspberries, he suddenly impulse he jumped into the bushes, crawling and trying to growl so that he could reproduce his own lacon. The response was immediate the boys dropped their pails and ran.

Adam filled his pail and went home, not being certain there wasn't a bear somewhere around.

BEARS, PIGS, COWS AND WOLVES?

Now and then bear did start a small pig but there had to catch at it. One time, later Dr. Herbert Irvine of Lindsay, Ontario, was out when he was very young, and bringing back cows at night in a Northern wood, he was protected from wolves by the cows themselves forming a ring with horns out. I have lots of evidence of that happening in the past but I think it likely that the bears were not trying to protect him. He was only lucky to be inside the ring. A Hindu animal trainer did have some sort of explanation in his mind when he said to me of dancing bears: "I often wonder where he hidden the boundaries of recognition between men and beast and how they can be so close together."

Paradise did their hearts meet each other. Suddenly in

Accidentally shoots self; reported satisfactory at RMH

A man who was admitted to the Ross Memorial Hospital in a serious condition from a fall would say Sunday, as described today as being in satisfactory condition by hospital officials. George W. Nixey, aged 30, of Toronto, sustained the wound in his stomach accidentally while he was cleaning his rifle, according to OPP at Habbington.

OPP Constable George Munteven, who investigated, said that the injured man was cleaning his rifle when the foot apparently became jammed. While trying to trigger it loose, he tripped the trigger.

The accident happened shortly after Nixey had returned from a late night hunt. George W. Nixey is an Ontario public works employee, and was vacationing at East Lake, 25 miles northwest of Habbington.

Marriage Fragnet controversy

Lindsay couple celebrate golden wedding anniversary

Green of 50 years ago pen, boom boom to commemorate the occasion

Mr. and Mrs. Percy Haight of Lindsay jointly celebrated their 50th wedding anniversary on Sunday August 23, with their family at the home of Mr. and Mrs. Robert Haight, 10 Parkin, Clunton. The home was decorated with streamers and bells with music and mimosas, appetizers and drinks distributed through the house many guests were present.

Mr. Haight was born at Cambridge, son of Mr. and Mrs. Haight, but moved to Lindsay at the age of 18, where he met his wife, the former Elsie Dewell, who was born in Fenelon Township, the daughter of Mr. and Mrs. Frank Dewell.

Both Mr. and Mrs. Haight attended Green St. United Church and Mr. Haight served 25 faithful years as Sunday School Superintendent.

They were blessed with five children, three of which are predeceased, their eldest daughter Cheryl, son Clifford, who was killed in action during World War Two and their youngest son, Robert. Their daughters Jean (Mrs. Ray Parlin), Joyce (Mrs. Brian Dalton) seven grandchildren and one great grand child were with them to celebrate this happy occasion.

Supper was served at five o'clock to the family and later in the evening when a few close friends called lunch and wedding cake were served.

The bride and groom 50 years ago received many lovely and useful gifts from relatives and friends.

Mr. and Mrs. Haight returned to their home in Lindsay the same evening where they have since resided.

Latest in mobile refrigeration

And from our heart, we sing hurra

We don't want to forget our marriage vow.

We have had a little, little, little.

But, that's sure.

But, sat down and found a cure

We never once thought of divorce, you know

That would be silly and stooping low.

If married folk, would stop to think

Their marriage would not go on the blink

But, drink and temper got their way

So, they separate to stay.

Our daughters they do not forget

We like some fun and pleasure

Unwed have got old and gray

We like a little time to play

We think our daughters pretty

They are thoughtful, good and kind

When they are old, the time will come

When they are old, the time will come

When they are old, the time will come

When they are old, the time will come

When they are old, the time will come

When they are old, the time will come

When they are old, the time will come

The latest mobile refrigeration unit of the Central Ontario Cattle Breeding Association is shown above along with some of the men who will man the regional operation.

Harold Keates, on the right, is field supervisor for the association with a refrigerator which takes in nine counties (including Victoria) and extends into the northwestern districts as far as Fort Williams. Mr. Keates is enthusiastic about the new unit and says it is not only more economical but provides a safer degree of temperature.

The unit beside which Mr. Keates, Frank Patten (center) and Carl Bryan stand, is of steel construction lined with plywood with insulating material between. Inside is a liquid nitrogen refrigerator (product of Union Carbide's Leeds) with a capacity of 10,000 lbs. This is the master unit and this feeds smaller county units similar to the two field men are flanking.

Wednesday was the day of the chargeover for the Victoria County unit and it will have its refrigerator and supply replenished at two-week intervals. Old method of refrigeration was dry ice and alcohol which had a maximum below zero potential of 80 degrees. The new method makes possible a 320-degree below temperature.

The mobile refrigeration service unit was in Friday night's Kimmick Parade with Harold Keates at the wheel.

drawn and Mr. Thorne intended that at a future date he might give notice of motion to resolve that the plan be withdrawn.

Old board members urged that the plan pass as the board has promised to the teachers and would be going back on their word if they did not.

Controversy again flared up when D. Thomson reported for the Composite School Committee and recommended the hiring of the firm of Yamazaki and Ridpath as architects.

Several architects had written to the board asking for an opportunity to meet with it and the committee met with Craig and Madill.

Madill had done most of the board's work over the past year, and many members questioned the decision of the committee to change.

Most felt that since Craig and Madill were specialists in schools and were not satisfactory in the past, the board should stick with them.

Mr. Thomson and members of his committee argued that they could attain more direct and closer supervision with Craig and Ridpath.

It was also revealed that there was no difference in price between the two companies.

Other members felt that although the majority of members thought that Craig and Madill should be retained, the board should not be swayed by the decisions of the Composite School Committee which was not in their hands.

Following a lengthy, drawn-out session, the board at some points, rather than to view. Vandalism during the week of the school and the committee's recommendation was adopted.

Don Messer - obliging soul

Money no object?

At a meeting of the Victoria County High School Area Board Wednesday night, fought with controversy, resulted in two vital decisions.

One was that a gratuity plan, as proposed by the teacher's advisory committee, be adopted, the other was that the architect firm of Yamazaki and Ridpath, which supports a local office, be engaged for the new composite school building.

Opposition to the gratuity plan for teachers came first from Kenneth Thorne who felt the board was giving teachers too much. He said that from talking to taxpayers, they had expressed concern about rising school costs, and particularly the gratuity plan, which was discussed at the previous board meeting.

"The taxpayers are thinking about it," he said.

Another member, C. W. Moore, of Crooked Creek, stated that "a lot of abuse has come on my hand" as a result of the gratuity plan since people heard about it. He seconded a motion by Mr. Thorne that the plan be rescinded.

"We're not asking anybody to keep us when we get old," he said.

Don Messer - obliging soul

Money no object?

At a meeting of the Victoria County High School Area Board Wednesday night, fought with controversy, resulted in two vital decisions.

One was that a gratuity plan, as proposed by the teacher's advisory committee, be adopted, the other was that the architect firm of Yamazaki and Ridpath, which supports a local office, be engaged for the new composite school building.

Opposition to the gratuity plan for teachers came first from Kenneth Thorne who felt the board was giving teachers too much. He said that from talking to taxpayers, they had expressed concern about rising school costs, and particularly the gratuity plan, which was discussed at the previous board meeting.

"The taxpayers are thinking about it," he said.

Another member, C. W. Moore, of Crooked Creek, stated that "a lot of abuse has come on my hand" as a result of the gratuity plan since people heard about it. He seconded a motion by Mr. Thorne that the plan be rescinded.

"We're not asking anybody to keep us when we get old," he said.

drawn and Mr. Thorne intended that at a future date he might give notice of motion to resolve that the plan be withdrawn.

Old board members urged that the plan pass as the board has promised to the teachers and would be going back on their word if they did not.

Controversy again flared up when D. Thomson reported for the Composite School Committee and recommended the hiring of the firm of Yamazaki and Ridpath as architects.

Several architects had written to the board asking for an opportunity to meet with it and the committee met with Craig and Madill.

Madill had done most of the board's work over the past year, and many members questioned the decision of the committee to change.

Most felt that since Craig and Madill were specialists in schools and were not satisfactory in the past, the board should stick with them.

Mr. Thomson and members of his committee argued that they could attain more direct and closer supervision with Craig and Ridpath.

It was also revealed that there was no difference in price between the two companies.

Other members felt that although the majority of members thought that Craig and Madill should be retained, the board should not be swayed by the decisions of the Composite School Committee which was not in their hands.

Following a lengthy, drawn-out session, the board at some points, rather than to view. Vandalism during the week of the school and the committee's recommendation was adopted.

People looked out their windows the other morning at grey sparrows perched on trees in their lawns. But not a single bird was seen.

Pig scramble highlights day's news at Lindsay

Garbage by-passed, man insulted

Some resident who say the reading "Lamb scramble" in Wednesday's "Pork" column of the article may have wondered what next. Well, Thursday was the day.

Many residents in the South and North wards were startled that morning to see two large pigs being led by a man.

The animals escaped from the Sales Barn and have been the cause of considerable excitement throughout most of the morning.

Police Chief John Hunter said the office was busy with calls from a large number of people. They are exploring now on various nature trips, surprise, complaint, a straight report, and at least one case, an insulted man somebody said the pigs were eating everybody's garbage.

One of the animals tried to get into the Leslie Ford School.

"Non-Ops" tops will review situation

A meeting of the joint negotiating committee of the 15 unions which represent 11,000 "non-operating" railway unions in Canada will be held here Sept. 12 and 13 to review the situation with respect to wages and working conditions. The committee will also discuss future aims in light of the fact that the current wage agreements achieved after a hard struggle, come to an end Dec. 31. The unions will be asked to report on how well the 11 railroads with respect to wages or other conditions.

Frank H. Hall, vice president of the Railway Clerks and chairman of the joint negotiating committee of the "non-ops," will preside at the September 12 meeting. Whatever decisions are made, the unions will be asked to meet at the general committee of the "non-ops."

Philip J. Brady

Philip John Brady passed away on August 12, 1981 in his 74th year. He was the eldest son of the late Peter and Margaret Brady.

Pleasant Valley

Mr. and Mrs. Wm. Lee, Mr. and Mrs. Glen Webster, motorcade to Niagara Falls for a few days. Mr. Lee is recovering from a fall in which he sustained a broken arm. Everyone wishes him a complete recovery.

Several Pleasant Valley ladies drove to Lorneville to attend the tea and bazaar put on by the St. Andrew's W. O. of Scotland.

Congratulations are extended to Miss Joan W. Smith and Jeanne Neill and Messrs. Beverley Ky, Paul McRobb, Kalkmoff, and the other graduates of the 1981-82 year.

A number of Pleasant Valley couples were guests at the wedding in Lindsay of Miss Gail Taylor and Mr. Gail Taylor of Canada.

Miss Betty McArthur and Joan Vennig are spending a week in Victoria, B. C. and will then spend two weeks in Mexico.

Dr. and Mrs. Howard Ferguson, London and Rev. and Mrs. Gordon Ferguson, Port Hope, are visitors of Mrs. Gail Taylor and Mr. Gail Taylor.

Lindsay couple celebrate "40th"

Mr. and Mrs. Bert Trotter of 225 Kent Street, Lindsay, celebrated their 40th anniversary on Sunday last.

This anniversary is commemorated by a ruby and a pearl necklace given to them by their neighbours.

Mr. and Mrs. Trotter held a party at their home on Saturday with a small party at Saturday night dinner at Belamy's.

The party was attended by the family five children and their wives. A church service was held at the main hall for the evening's celebration.

The 13 grandchildren had their own little get-together on Friday and Saturday night, with a party at the home of Mr. and Mrs. Trotter.

Pretty summer wedding at Norland

Ruth Elaine Schrader and Murray John Schrader are pictured above, celebrating their wedding in Norland Baptist Church. The bride is the daughter of Mr. and Mrs. Bert Schrader, of Kilmuckin, and the groom is the son of the late Mr. and Mrs. Archie Schrader, of Geleert. The happy couple will live in Lindsay.

The wedding ceremony was held in the Norland Baptist Church on Sunday last. The bride was accompanied by her bridesmaids, and the groom by his best man.

The ceremony was officiated by Rev. Gordon MacEachern, of Norland. The wedding party included the bride's mother, Mrs. Archie Schrader, and the groom's mother, Mrs. Bert Schrader.

The wedding reception was held at the home of the bride's parents, Mr. and Mrs. Bert Schrader, of Kilmuckin. The happy couple will live in Lindsay.

Just one of those things. One of the many incidents through the years out of Victoria County which have made up news throughout Ontario, and even across the Dominion. This accident probably never obviously happened.

Referee has problems, Kalkmoff's really rough

Johnny Langton, CKLY of three and Watson showed his ability as he took on both Ken and his brother Nikita in the wrestling matches Friday night. He had his hands full with the three Kalkmoff brothers and took the worst of the battle, especially during the main event.

In the main event the famed "Whipper" Billy Watson gave the crowd something to cheer about as he put the ropes to "The Terrible" Kalkmoff, or should it be said that "Whip" put him through the ropes.

The match was a best two out of three. Watson won the first fall after the second to two.

In the preliminary bout, Nikita Kalkmoff and Toronto Georgian fought 30 minutes to a draw.

The final bout saw Kalkmoff disqualified after 16 minutes and the bout given to Frank "Farmer Boy" Townsend.

The match was a best two out of three. Watson won the first fall after the second to two.

Wrestling, pop bottles don't mix

It is absolutely untrue to sell pop in bottles during wrestling or boxing exhibition taking place. This observation was made by the referee after Van Dyke of Lindsay was treated for injuries suffered Friday night.

The referee said that Van Dyke was a spectator at the exhibition wrestling match, and was struck with a flying pop bottle.

Chief Hunter said that a Lindsay man has since come forward and admitted throwing the bottle.

The Lindsay man said that he was not the one who threw the bottle, but that he was the one who was struck.

Local Matters

Victoria County Council

February 6, 1885

Victoria County Council for the bridge has been fully tested and the result showed the structure to be of the highest quality of the specifications. The report was read and adopted.

Friday's Session—

Cobcock Bridge—A communication was received from Messrs. A. H. Carl and others stating that there were repairs to the old bridge at Cobcock and asking for an investigation.

Dr. Norris said that as the persons who signed this paper had not made definite charges in the matter the council should pay no attention to the petition. He did not believe in taking up rumors in that way.

The council then referred the communication was referred to the road committee.

Omenee Bridge

Mr. Barron moved, seconded by Mr. McArthur, that the matter of the suit between McNeely & Walters against the county be referred to a special committee composed of Dr. Norris, Messrs. Byres, Buckley, Heslop and the mover and seconder to report whether or not it is desirable to settle the same without further litigation.

The council provoked quite an animated debate, as it was thought there was a reflection on the old committee. It was ultimately withdrawn by Mr. Barron.

The council rose for noon.

Friday Afternoon

The council resumed at 4:30 p.m. The wardens in the chair.

Omenee Bridge

Dr. Norris introduced the first report of the committee on the Omenee bridge as follows:

Your committee beg to report for the information of the council that the superstructure has been completed with the exception of one coat of paint which will be applied satisfactorily before the spring. The sum of \$30 has been retained by the treasurer until the painting is finished.

The contract price for the superstructure was \$13,134.00 and extras amounting to \$82 for cantilever beams on piers, and covering operating gear and chords of sidewalk have been allowed.

The committee have ordered the payment of contract price and extras as above, excepting the amount retained to insure the painting.

Your committee beg further

to report that the strength of a deputations. Some members thought it would be simply throwing the money away.

Mr. McArthur mentioned as an instance of the utility of deputations that one had been sent by Fenelon Falls to get a mill race made. This was done, and it would not have been done if a deputation had not been sent. They had sent Mr. Logan down several times with advantageous results.

Friday Evening Session

A Money By-law—A by-law to authorize the wardens and treasurer to borrow money in anticipation of the collection of the usual rates was read, with Dr. Norris in the chair. The sum necessary to be obtained was fixed at \$5,000. The by-law passed in the usual routine.

The minutes of the previous meeting were read and confirmed.

Arrangements with Hallowburton

Dr. Norris introduced a by-law appointing a committee consisting of Dr. Norris, Mr. Fairbairn, Mr. Barron and Mr. Mitchell to negotiate with Hallowburton to acquire and enter into an agreement with the county of Hallowburton for the share to be paid by Hallowburton to Victoria as a share of the charges and expenses of repairing and maintaining a court house and gas at Lindsay, the care and maintenance of prisoners and other expenses of the administration of justice, the agreement being for five years from Jan. 1st, 1885.

The by-law was passed in the usual form.

Delegation to Ottawa—

By Mr. Staback, seconded by Messrs. Byres and Reid, Mr. Logan and Col. Deacon be appointed a delegation from this county to proceed to Ottawa at the present session of the Dominion parliament for the purpose of waiting on the hon. the minister of railways and canals and the hon. the minister of public works, praying that the government will continue the works on the Trent Valley water route and also for the purpose of urging the claims that every municipality in the province of Ontario (which these gentlemen have or may be declared by acts of the Dominion parliament to be for the good advantage of modern Ontario).

William Purdy demanded a rapid on the Scugog River, and the establishment of a mill industry in the Williams County.

Mr. Logan said that the Bocaboycegan has grown up around the mill built by Thomas Neel about 1832, 235.

Some discussion followed as to the advisability of sending a delegation to Ottawa.

After some further remarks, the vote was taken and resulted in a tie—10 yeas and 10 nays. The wardens voted with yeas as he had voted yeas at the Friday evening session.

This finished the work of the session and the council was adjourned with happy remarks from the warden, in which he thanked the council for the courtesy shown they had given to county business and congratulated them on the good feeling established during the several sessions.

Historical Excerpts

"The Work of Settlement in the Wilderness"

"Then, in a little circle of sunlight hewn out of the forest, arose a new home. The sils and walls were pine logs peeled and notched. For the road hollow hawwood trunks were cut the proper length and split in two so as to form troughs, which were then laid down from eaves to ridgepole in two rows, the lower row back side down, and the upper row with their edges fitted into the hollows of the lower.

This was a rough covering but shed water very well. All chinks in the walls and roof, inside and out, were packed with moss, which the children gathered by the sackful near hand, and plastered over with clay. A hole covered with a quilt served as a door, until lumber became available.

The tin windows were fitted with sheets of oiled paper as glass was not to be had.

"New Great Mills in Time to Villages"

"Villages grew in growth and were almost always the direct consequence of the establishment of a grist-mill industry."

In the Williams County nearly all the important centres of Victoria County were established in the early days of settlement.

William Purdy demanded a rapid on the Scugog River, and the establishment of a mill industry in the Williams County.

Mr. Logan said that the Bocaboycegan has grown up around the mill built by Thomas Neel about 1832, 235.

Some discussion followed as to the advisability of sending a delegation to Ottawa.

After some further remarks, the vote was taken and resulted in a tie—10 yeas and 10 nays. The wardens voted with yeas as he had voted yeas at the Friday evening session.

This finished the work of the session and the council was adjourned with happy remarks from the warden, in which he thanked the council for the courtesy shown they had given to county business and congratulated them on the good feeling established during the several sessions.

On Behalf Of
The Residents of Fenelon Falls

The Scott Act
Feb. 6, 1885

From "Post" Files
Of Same Year

The recent decisive Scott Act victories have encouraged the friends and supporters of the mill to take the preliminary steps for commencing a campaign in Victoria and Peterborough counties. The first move was sounded by Rev. Mr. Keeler, agent of the Dominion alliance, at meetings held Sunday afternoon and Monday evening. A somewhat detailed report of the latter meeting will be found elsewhere. Some very interesting particulars of the leading provisions of the Scott Act will be found in the report. A convention is to be held to decide as to the submission of the measure. There is little doubt but that it will be submitted—and adopted by a handsome majority.

The adoption of the act is an indication of the growth of temperance or total abstinence sentiments, and as such a step in the right direction. Its enforcement will be found a difficult matter, and real and will be required after the passage of the act as well as before the campaign.

Reports and Remarks...

THE SOURCE OF THE EVIL

In the recent discussions about the cleanliness of Port Hope's streets and sidewalks, the most important aspect of the problem has been overlooked — the source of most of the trash.

The trash that is littered all over the sidewalks and gutters, that blows back and forth before it is finally disposed of, that defaces the beauty of the town, is thrown there in a vast majority of cases by the people. We venture to say that at least 90 per cent of the trash on our streets and sidewalks needn't and shouldn't be there at all.

Anyone standing on a Port Hope street corner can readily see how the trash gets on the streets. Wrappers are peeled off cigarettes, candy bars and ice cream bars and tossed away. Sticks from popsicles are shed into the gutter or simply dropped on the sidewalk. None of it

An excellent project for a service club would be to establish a tidiness patrol to walk the downtown sidewalks for a few hours a week, politely reminding everyone who throws trash away that there are receptacles not far off. Combined with year-round "Keep the Town Clean" publicity, these patrols would make everybody conscious of their responsibility.

Ernest Akister

Ernest Akister of Con. 7 services to the church. Brook Township passed away suddenly at his home on Aug. 20th 1961 at the age of 78.

The late Mr. Akister was born and received his education in Verulam Township. He married Bertha Ann Elliot also of Verulam Township where they farmed until 1920 when they moved to Brook Township and continued farming.

An active member of Vrooman United Church, he seldom missed a church service and for many years served as an elder and was recently made an honorary elder in the church.

The pallbearers were the deceased's grandsons—Donald recognition of his faithful and Roy Zeal and Fred and

Ronald Mitchell and Royce and John Lambert.

Relatives and friends attended the funeral service from Perry Sound, Bowmanville, Toronto, Guelph and surrounding district.

Mr. Akister is survived by five brothers—Frank of Lind say who attended the funeral, Albert Irvine and Jacob of Saskatchewan and Charles of Vancouver B.C.

Two Rochester firemen as "bushman" in home, killed in blaze

Describes attacker as "large man" with "gloves on"

Judges at work

Lightning strikes Bobcaygeon farm twice in row during Monday's storm

A Lindsay youth told police home earlier than he did, but Monday that he was beaten on entering, saw what he in his own home when he described as a large man with open gloves on, standing beside an open cabinet door, and called police.

Don Hutchinson, of 4 Berne Street, told police that he returned home about 10:00 p.m. and saw lights on. He thought his mother had come

back, but that Dr. J. C. Arnold examined him and discovered no serious injuries. Police Chief John Hunter of Lindsay noted that the recent raid of breaking is widespread. He named Kingston, Mrs. Ivan Cook, Fenelon Falls, Oakwood, and Bobcaygeon as other centres where break-ins have been reported lately. Investigations are continuing.

"Nothing so cheap as you're getting in medical surgery field" - Co-op told

"Nothing is so cheap as what you are getting today in the medical and surgical field," stated Dr. R. R. Ryland, M.P. for Simcoe East, in speaking in the annual meeting of Ontario (C.N.A.) Co-operative Medical Society at Beaverton recently. Mrs. W. Carruthers, President, conducted the meeting of this country-wide organization.

Dr. Earl Shoultz, founder of The Shoulder Surgery for the hernia, in following Dr. Ryland, said, "Although the bills appear to be high for surgery, you get back to work that much sooner, therefore, there have been economies in surgery."

Mr. D. Fingard, internist-general, a house chemist, who invented a cure for respiratory infections and tested King George VI, spoke briefly.

Secretary - Manager of the Co-operative Medical Society, Dr. Ryland said, "The older people are being properly treated in Canada today. Stroke can be restored, don't condemn a person because they are not in concentrated groups, stroke or a coronary. Even

with group rates for medical insurance which is as good as others. Mr. Schofield pointed out that the twenty-nine affiliated Medical Co-operatives in the province had in excess of a million gross revenue last year.

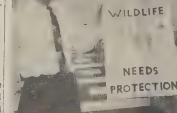

In addressing the sixty-five present, Dr. Ryland reviewed the progress of hospitals, nurses, doctors and drugs in conquering one disease after another since the turn of the century. In 1900 only one major advance had been made in medicine - that was vaccination to stop the spread of small pox. We are making other advances in cancer, but we have a lot of little know - how. Perhaps there will be a break through now. In sixty years the life expectancy has risen from forty years to seventy, stated the speaker.

Continuing, Dr. Ryland said, "The older people are being properly treated in Canada today. Stroke can be restored, don't condemn a person because they are not in concentrated groups, stroke or a coronary. Even

some doctors and nurses have a hopeless attitude toward such persons. The burden will become so great that we won't be able to carry it unless we take remedial action and get these people back to usefulness. Leave older people in their own setting, man and wife, as long as possible. Supply them with one hot meal a day and help perhaps once a week with heavy work. They will be happier and cost you far less."

Mr. R. J. Moffat, President of Ontario Co-op Medical Society Federation, concluded the Ontario. Mrs. R. Gray was re-elected to the Board of Directors. Mr. Ronald Silver, Mrs. George Squire, and Wallace MacLean were newly elected to the Board. Mrs. R. Mark was elected to the Audit Committee.

For the coming year the officers of the County Medical Co-op are: Mr. Clarence P. Werry, Ottawa, President; Mrs. P. J. Francis, Canning, Vice-President; and Mrs. L. J. McLean, Greenwood, Secretary - Treasurer.

The two pictures above were taken during the judging of the Ontario Land and Forest district project. The picture above is the upper picture. Left to right, Judge Ed. Gibbons, Contest Supervisor Ken Fullbrook of the Department and Judges Sen Browne and Newton Falls examine one of the many interesting entries. Below Mr. Fullbrook and Mr. Browne display one of the posters which because of the variety and calibre of workmanship earned them the top prize. It was finally decided that several honourable mentions were going to be necessary to even do just to the entrants. All three judges are newspapermen.

STOP! ... M.D. ... Killing yourself

Dear Dr. Steinerich: I placed by the infants own Rh blood. By that time the worried. I am pregnant and mother's Rh factor to the negative blood and my husband is Rh positive. I've been D. As your doctor says, we told there's a chance that my baby may be born with severe jaundice and anemia. But my doctor tells me not to be concerned because it is unlikely or jaundice usually doesn't occur during the first pregnancy. And if there is, it can be treated. I want a newborn an exchange transfusion. Will you explain? Mrs. D.

Comment: Until recently many babies were lost because we didn't understand the mechanism of blood destruction. We didn't know due to the difference in Rh factors. Now we do. About 85 per cent of people are Rh negative. Many cases - especially young infants, although it has been found in adolescents, too.

It works this way. If the infant has Rh positive blood, when this blood mingles with the mother's Rh negative blood, the mother's blood produces antibodies which attack the baby's red blood cells. Sometimes the reaction may be so violent that the child is born with jaundice. At other times the baby may be born with severe anemia or even die. And another has jaundice due to the blood mingles with his digester. He is blue. In this situation. When this happens, Rh loses weight, has diarrhoea, the doctors are ready to sub his pancreas into putting out the blood transfusion of different enzymes to take the blood into the infant which care of his normal digester will prevent the "detox" because the thickened pancreas of the mother's blood since can't function well.

After a few weeks the transfusions will be re-placed into too much complex from

Try and tell farmer: Bill Pothan that lightning does not strike twice in the same spot. While many residents crowded in their homes at thunder crashed and roared, and lightning flashed Monday night - from Bobcaygeon answered two alarms to the Police farm about three miles south of Bobcaygeon.

One of the barns on the property was completely destroyed by fire after lightning struck the first time. Although a large quantity of hay was ignited by the time the fire was removed in time, and 20 livestock was kept in the building. Farmers concentrated their efforts on saving a second and larger barn located nearby.

A short time later, Bobcaygeon firemen answered a second alarm to the Pullerton farm. This time lightning had ripped out a corner of a small

building containing a tank holding about 200 gallons of gasoline. Chief Billbo of the Bobcaygeon Fire Department says it is a wonder the gas did not explode. Boards were also ripped off the roof of the other barn, and wiring was turned out in the house.

Fire started by lightning also came close to destroying a large barn owned by Joe Thompson of R.R. 1 Dunford. Once again, Bobcaygeon firemen responded to the alarm, but found that the owner already had the flames extinguished by the time they arrived. Chief Belbeck says the fire started in a vital spot, just in between the grain bin and the hay mow. He said the owner, Mr. Thompson, was very lucky to have put the blaze out. Wiring in the barn was completely blown out and switches blown right off the boxes in some cases.

NOTICED ... along the way

Reg. Con of Kent Street, candidate for council in the R.R. 1 constituency, says he will supply a bit of business with loose change. He has been playing for a while, and has been obtaining copies of signatures for use in forging cheques. He is now looking to this for a few days ago by Norman Derry to represent representative of the Registrar Corporation (a Ltd.).

Some of the Lindsay people whose homes were entered on Saturday night they take exception to a suggestion that leaving money in piggy banks around the house is a form of burglary. The thing that is troubling them is what they would do with the old quarters or half-dollar and to save ... Said one victim: "We have found that it is place every cent they wish to save in the bank right away."

Speaking of the break-ins, Mr. Sweet: "It is simple to make and therefore so many have not remained undisturbed as yet."

And some pancreatic enzymes have been developed which can be taken at any time to make up for a loss of enzymes from the pancreas. The enzymes dissolve attacks the pancreas and help the body to digest. We have found that antibiotics help get the patient over the rough spots. Years ago, the pancreas was a mystery.

Cystic Fibrosis (sometimes called C.P. disease for short) is a chronic disease that can be seen in the newborn. You can see that the outlook is much better than it used to be. Researchers are still working hard to get the disease.

Barrie had hit by violent storm

Barrie, Aug. 29 - (UPI) - A violent thunderstorm wrought havoc in the Barrie area Monday night. It dumped two inches of rain in two hours, flooding basements, washing out basements and interrupting electric power.

Accompanying lightning started fires which burned a barn, killing 44 pigs, and ignited a main.

More than 20 flooded basements were reported and one rate city taxpayer burst into a meeting of city council to report his predicament.

"I'm sorry to interrupt you gentlemen," Earl Richardson shouted, "but I wish you would consider and see my statement." Richardson is clerk of neighboring Vespene Township in a city council.

William Wilford Kinzie told Richardson the matter would be referred to the Public Works Committee and carried on with the meeting.

Power was off intermittently in Barrie, blacking out the bars of Arthur Gordon's stations, as tree limbs fell on lines and lightning struck transformers.

At Creemore, 15 miles southwest of Barrie, lightning hit the barn of Arthur Gordon. The barn and 44 pigs were destroyed with loss estimated at four thousand dollars.

In the city, lightning struck power lines leading to the home of William Rishka. The Empire State Building in New York City was hit by 100 stories - or one - level of insulation was burned off 40 thousand 250 feet - ... told. The arrival along the house cut TV tower on top of the building failed to ignite a bed. The reacher to a height of mattress was destroyed.

The news is replacing the old

Think lightning fired cottage

Two Rochester firemen have a busman's holiday at Pitts' Cove fire

Two Rochester firemen on vacation at Thorntons, Lodge had something of a busman's holiday Monday night. They went to fight a fire that broke out in a cottage at Pitts' Cove during the severe electrical storm which swept the district. Robert Schulz and Robert Spalding joined the local volunteer fire brigade led by Harry Nichols, Thorntons Lodge proprietor when the alarm was sounded.

Mr. Nichols told "The Post" today that the cottage was burning out of control when the brigade arrived, so they had to fight the fire by hand, saving adjoining buildings.

Owned by a Mr. and Mrs. Thompson of Toronto, the cottage was a one-story house. Mr. Nichols said it was possible lightning struck the roof and started the fire. The fire department arrived and the fire was quickly brought under control. "The fire definitely started on the inside," he declared.

Poison Ivy can be wiped out

You can get rid of poison ivy with chemicals or poisons, but it will take persistence. Completely clear it from your property.

E. G. Anderson, of the Canada Department of Agriculture, said, "Because some of the more effective information section, Ottawa, explains several methods of eradicating poison ivy in a four-page pamphlet just issued by the department."

Chemicals, he says, are recommended for killing poison ivy covering large areas and to other places where it is not practical to remove the plants with hand implements.

For small areas a 2 or 3 gallon spray should be used. For larger areas the job should be done with a sprayer mounted on a truck or tractor.

Rubber boots, coveralls and gauntlets are strongly recommended by Mr. Anderson for anyone who plans to eradicate poison ivy at work where it grows.

The first application should be made when the foliage is well developed, usually early in June. A thorough spraying job is essential and every leaf must be covered with the chemical. Where the growth is very thick, it may be necessary to spray again within a few days. The second spraying is important, Mr. Anderson points out, because new growth or plants missed the first time will reinfect the area. Spraying should be repeated whenever new growth appears, but not after mid-August. Puncture wounds are usually needed the second year to kill all the plants.

Depending upon the density of the poison ivy, and the type of chemical used, any gallon of solution usually cov-

ers the content regularly for several years, and last year, placed third. This year, though, the group went over the top and took first place.

C of C manager says tokens selling well

Contrary to some reports which have been circulated around town, Chamber of Commerce Manager Harry MacDonald says that the Centennial tokens struck by the chamber are selling well.

Several thousand of the specially designed medallions were minted to be sold at one dollar apiece. Mr. MacDonald says he remains quite optimistic that the venture will prove a success to the chamber. He also notes, that a number of the tokens have been collected by the chamber, who realize that they will be sold at one dollar apiece. Mr. MacDonald says he remains quite optimistic that the venture will prove a success to the chamber. He also notes, that a number of the tokens have been collected by the chamber, who realize that they will be sold at one dollar apiece.

Additional information on the condition of poison ivy can be obtained in Mr. Anderson's booklet, "Poison Ivy," published by the Canada Department of Agriculture. Copies of the pamphlet may be obtained without cost by writing to the Information Division, Canada Department of Agriculture, Ottawa, Ontario.

Haliburton Decoration Service

Haliburton (PNS) — The Evergreen Cemetery Board held the regular Decoration Day service and a large number of citizens and friends from other regions gathered at the service.

Rev. G. Petrie of the United Church was speaker. The cemetery flowerbeds were at their best and the new chapel, and the new fence were admired by everyone present.

The cemetery board and the caretakers have done a superb job in making the cemetery one of the best in any village.

Centennial Kitten

The little white kitten shown above arrived in town just in time for the Centennial celebration of Victoria County. It was found in a field near the town of Lindsay.

The kitten was found by a young boy named John, who is now living in the town of Lindsay. The kitten is a white cat with blue eyes and is very friendly.

WIN SELMER TROPHY PLUS \$400

The Lindsay Kinnison Boys' and Girls' Band has come through again to win musical honors for its home town. This time it's first place in its class after a hard day's competition at the Canadian National Exhibition. Last year the popular Lindsay band placed third in the CNE band competition.

News of the band's success was received here Tuesday. Three bands were entered in the same class as the Lindsay boys' and girls' band for today's contest, and under the leadership of Frank Banks, the home town band came through for first place.

Marks awarded to the band for its efforts are reported to be 175.

The band will be the proud possessors of the Selmer Trophy and a \$400 prize.

The other two bands in the class were the Royal Colborne Boys' and Girls' Band and the London East End Boys' and Girls' Band.

The class under which the Lindsay band entered was junior bands, under 21 years of age, with 45 players or less, not school bands.

2 homes ransacked in district break-in

Cambridge (PNS) — Two homes in the Cambridge area were broken into and ransacked late Saturday night.

The owner of one of the homes, John Summerfield, was thoroughly gone over and it is reported that a small amount of money and some jewelry was stolen.

Chief Douglas Bryant investigated and said that the break-in occurred between the hours of 9:30 and 11:00 p.m.

The owner of the other home, John Summerfield, was thoroughly gone over and it is reported that a small amount of money and some jewelry was stolen.

VICTORIA COUNTY TO ASSOCIATION STUDIES HOUSE - TO HOUSE SURVEY

The Victoria County Tuberculosis Association held a house survey management committee meeting August 12, in the Red Cross Rooms with Pres. Allen Womersley, Past Pres. Fred Magphay, Chas. Jeffries, Dr. W. R. Arup, of Lindsay, Mrs. A. J. Stewart, Gordon Park, Clark, Smith, Kimbrough, Owen Swainman, Little Britain, Mrs. W. H. O'Brien, and Dr. H. H. Berry, Health Education Consultant, Ontario T. B. Association and Mrs. C. M. Crockett, in attendance.

A statistical report on the house survey was presented by Mr. H. H. Berry, to June 24th of this year was available and generally reviewed by the members. Results of this survey are as follows:

Number letters mailed—1104, Number homes called on—1537 (including re-calls), Number greatly appreciative—69, Number lost—104, Number returned—499, Number followed out of town 39.

These and all citizens will have an opportunity of being listed in town from October 26th to Oct. 31, when the testing unit will be available at the local Armours.

The County Survey is to commence September 28th, next and the Association would greatly appreciate co-operation of the County citizens in the towns and the urban areas.

Number letters mailed—1104, Number homes called on—1537 (including re-calls), Number greatly appreciative—69, Number lost—104, Number returned—499, Number followed out of town 39.

STOP!... killing yourself

By Peter J. Steinhorn, M.D., F.A.C.P.

IT SEEMS TO ME there are many people who are putting off inevitable and necessary treatment by an eye specialist.

Dear Dr. Steinhorn: What do you think of honey and apple cider vinegar as a cure for most diseases of the flesh in animals and man? I have used honey, lemon juice and vinegar as a relief, not a cure, for colds. I thought I'd also use it for my sinusitis.

Dear Dr. Steinhorn: What do you think of honey and apple cider vinegar as a cure for most diseases of the flesh in animals and man? I have used honey, lemon juice and vinegar as a relief, not a cure, for colds. I thought I'd also use it for my sinusitis.

Young Lindsay girl masters hall's Lake

A young Lindsay girl, Bonnie Walker, aged 13, of R. 1, which was her departure point. The end of the line was the other side of the lake at Hillcrest Road.

Beaman for the swim was her cousin, Marilyn Paine and Norman Ackerman were spending for the ride.

Bonnie hopes to be able to swim a greater distance in the future. Three cheers for this young Lindsay swimmer.

Valentia

Mrs. Russell, of Toronto, and daughter, Mrs. Howard Laidlaw, of Mr. Laidlaw, of Winnipeg, and Mrs. Suggitt, of Toronto, were visiting at the summer cottage of her sister, Mrs. Victor Suggitt and Mr. Suggitt, at Plum Point.

Mrs. and Mr. Art Baker and family have returned home after visiting at Otter Lake.

Mrs. Gordon Wighill, of Clayton, Sask., visited Mrs. Suggitt, at Plum Point.

Mrs. Dan Campbell has returned to Peterboro, after visiting her sister Mrs. Phil Campbell, of Peterboro.

Mrs. and Mrs. Bruce Wilson and daughters, Doreen and Constance, of Ottawa, called on Mrs. Russell Mark.

Master Paul Hood, son of Mr. and Mrs. Laverne Hood, had a painful accident when he fell off the steps hitting his head. Five stitches were required to close the wound. He was attended to by Dr. George Hall, Little Britain.

Mrs. Paine has returned home from her holidays and has resumed her duties at the Lindsay Hospital.

there any good. All you will find is putting off inevitable and necessary treatment by an eye specialist.

Dear Dr. Steinhorn: What do you think of honey and apple cider vinegar as a cure for most diseases of the flesh in animals and man? I have used honey, lemon juice and vinegar as a relief, not a cure, for colds. I thought I'd also use it for my sinusitis.

Facts for Farmers

Cypress Spurge practiced. Repeated use of this weed is at times also called, "Graveyard weed" because of the fact that having the plant in the garden is considered a disgrace. It is planted as a flower in flower gardens and left untreated, it has spread to considerable extent in the adjacent fields. In parts of Ontario it is also called "brassica weed" and local his- tory states that it had been introduced by early settlers from Europe as a special in- terest in lighter soils where it is garden plant. It spread to usually found in many cases through land when forest growth had been removed. Many in- tention, as this weed cannot be left to spread.

GARDEN SHORTS

Nearly everyone knows that spring is the best time to control crabgrass, but there are some things that you can do now, says Dr. C. M. Switzer, OAC biologist. Spraying with potassium cyanate or one of the monthly aerosols. Rake up the lawn after you mow it to prevent seed spread. This will result in fewer crabgrass plants next spring. Remember the best way to control this problem is treatment in April before the crabgrass emerges.

Raspberries patches need cleaning out now, says Pro- fessor W. D. Evans, horticultur- al at the Ontario Agricultural College. Cut and burn spindly and diseased canes, or old canes that can harbour disease organisms.

The danger of cherry leaf spot is not over when you finish picking cherries, warns Prof. C. B. Kelly, Botany Dept., at the Ontario Agricultural College. Where you have grubbed out and it is seldom found in cultivated fields where a short rotation is

MOBILE JUSTICE FOR ALASKA

Alaska's newest state is a violation cases on one day. The court left Fairbanks at six a.m. and returned early the same evening after covering more than 400 air miles. On that day, the court levied a total of four thousand, 150 dollars in fines and meted out 980 days in jail to the defend- ants. But, showing that justice still is tempered with mercy, the court suspended all the jail sentences and all but 750 dollars of the fines.

Burns says courts such as this not only save the state money and time, but also are more convenient and inexpensive for the defendants.

According to Burns it's all a variation on the old saw about Mohammed and the Mountain. He puts it this way: "It's just a case where it is easier to take the court to the people than it is to bring the people to court."

FLYING POWER MOWER BLADE KILLS INFANT

Milton, Ontario.—(UPI)—A power blade last night brought death to two-year-old Andrew Singleton as he toddled in front of his father's mower.

The mower blade snapped, and according to Andrew's father, cut into his son's head as he walked in front of the mower.

Crown Attorney Peter McWilliams said an inquest may be ordered.

"As far as I am concerned, these are infernal machines," he said. "People are far too care- less in letting their children

Loose cash could be temptation

A suggestion that money should not be left around the home has been made by Police Chief John Hunter of Lindsay, following another outbreak of thefts from houses in town. Three other houses are also reported to have been entered in the district. It is the second

similar outbreak of house break-ins within a month.

Chief Hunter suggests, that while "piggy" banks for the children are a good idea for teaching youngsters how to save, even these are a form of money around the house and can provide temptation for would-be burglars. "As long as people can find money around a dwelling, they will probably continue to break into houses," he says.

He reports five homes entered in Lindsay some time Saturday evening, the same number as were entered one month ago.

The five, all in the east around near a mower."

Police found the blood- stained fragment of the blade which hit the boy 30 feet from the mower. The second half flew out another side.

Winder—Hunter Nuptials

A beautiful wedding was assisted by Mr. T. Thompson, son, pastor of Good Samaritan Pentecostal Church on July 29, 1961, when Elizabeth Margaret Lovatt was plan- nist. Marilyn Hunter, daughter of Mr. and Mrs. Robert Dixon Hunter was united in marriage to David John Winder, son of Mr. and Mrs. Harry Winder, Ber. Springs, of Frankfort.

The bride, given in mar- riage by her father, was lovely in a gown of white silk organ- za. She wore a fingertip veil which was held in place by a tiara. She carried a bouquet of roses.

Miss Carol Reynolds was maid-of-honor, Miss Sandra Philip was the bridesmaid, and the little flower girl was Fran- cine Sharp.

They wore similarly styled red satin gowns with bands of red ribbon and tulle. They also carried bouquets of roses.

The best man was Robert Winder, the head usher was Ross Banks and he was assisted by Douglas Lovatt and George Winder. The ring bearer was Gary English.

Guests numbering 85 were received at Pine Manor where a delicious buffet luncheon was served.

Mrs. J. E. Hunter, grand- mother of the bride, received from each house. The bride in a pretty blue lace dress with a pink corsage. The groom's mother was dressed in a surf green suit dress with white accessories.

For travelling the bride chose a beaded dress suit with

8 HOMES ENTERED IN BREAK

Arrest man for theft of chickens

Provincial police in Minden have arrested a man in connection with theft of chickens. Police report that they seized eight chickens which were reported stolen at a party, and arrested one man. It is expected that there will be other arrests in connection with the same incident.

Lindsay man in accident, one killed

A Lindsay man is reported to have been involved in a car-motorcycle accident near Newmarket. OPP at Bow- manville have not released the name of the Lindsay, al- though he is in hospital at Bowmanville.

Carl Pandorf, driver of the motorcycle, was killed instan- tly.

Further details of the ac- cident will not be released. OPP officers are consulting with the Crown Attorney.

matching accessories. They honeymooned in the Haliburton Highlands. The couple have the best wishes of the community and will be residing in Toronto.

Around Two Worlds in 14 Days

Around two worlds in 14 days! Amid the Jules Verne setting of Niagara Falls' famed cable cars, French-speaking students from Quebec explore a brave new English world.

Two Canadian cultures take a look at a third. Chief Lone Wolf, of Niagara Falls Indian Village, shows touring English and French students one of the Indian masks used by his people long before either Ontario or Quebec existed.

Quebec-Ontario exchange visits spark new interest in bilingualism, make both English and French vividly aware of the pleasures and benefits of Canada's dual culture.

Roadside Galtway—one of the myriad manifestations of a whole new world.

of Christmas and Jews, encourage bilingualism in a vibra- tion atmosphere. National Film Board of Canada Photos.

"Peace be love", says April O'Neil, and gets a laughing correction from hostess Christine Tremblay at a hearty French-Canadian supper. Living in each other's house for two weeks gives students new insight into other lives and languages.

Everybody seems to be in a way that Bill Gelske is holding fair mood these days, probably because of the remarkable new invention called the "Hum-a-Tune". One of its really worth your while features is that it is so simple to use that it can be taken anywhere. Especially noteworthy is the recent visit to the annual picnic of the musical troupe of the "Hum-a-Tune". Bill claims it's the charred remains of the one Nere fid said to have been used to make the "Hum-a-Tune". He was taking a scorching "Nere fid" all done up with black tape, as opposed to government (red tape) and another feature about it is that it raises or lowers the pitch of a given string, all as has to do to remove a single tuning peg and put it in the necessary hole. Besides fiddling around with his fiddle, Bill has a little background music piece.

STOP! . . . Killing yourself

By Peter J. Steinhorn, M.D. F.A.C.P.

HOSPITAL NOT A PLACE FOR REST

I talked with an overworked businessman the other day who said: "I'm busied. This thing'll go into a hospital for a few days."

"Think it over before you go," I told him. "When you get down to it, there's no place like home for rejuvenation."

Whatever it was about hospital care, please remember that I recognize what they mean to a community and the citizens of this city. When personal survival is at stake the hospital takes precedence over anything else. The police station, the firehouse or anything else. If God is an architect, you might say that every hospital has a place in His image for the relief of pain and suffering.

However, being human, I think we still fall short of offering the patients and help we might. If any readers have ever been in a hospital, you will probably agree with what I have to say.

Speaking of falls, that's quite a show they're putting on at Toronto this year. One of the really outstanding performances is to be seen far from the Princess Gates entrance (see the end). It is on this section of the mid-

On Wednesday of this week, nearly 60,000 people, commencing at 2:30 p.m., an historical plaque commemorating Robert McLaughlin, will be unveiled on the farm of Ewart McLaughlin, concession VII, Darlington Township. This plaque is one of a series being erected throughout the province by the Department of Travel and Publicity, acting on the advice of the Archaeological and Historic Sites Board of Ontario.

Wednesday's ceremony is being arranged and sponsored by the Ottawa and District Historical Society, whose president, Mrs. Gordon D. Conant, will act as programme chairman. Mrs. M. H. Conant, Chairman of the Archaeological and Historic Sites Board of Ontario, will represent the body. Among those expected to take part in the ceremony are: the Hon. J. D. O'Connor, Minister of Health; Mr. A. Carruthers, Minister of P.E.P.; Mr. B. Rickard, Reeve of Darlington Township; and Col. G. B. Rickard, Reeve of Darlington Township; and Col. G. B. Rickard, Reeve of Darlington Township.

Robert McLaughlin, a pioneer of the Canada vehicle industry, was born in Ontario, Canada, in 1858. He was the eldest son of John McLaughlin, the immigrant who had arrived in Canada in 1840.

Robert, as he grew up, became interested in wood-working first as a hobby, and later, because of his innate skill, as a source of revenue. His first efforts were in making handiwork foundry, and later, in the manufacture of furniture and at the market.

Following morning at 8:30 a.m., when you someone to clean the room. It was for the food, so help me if it was terrible. - day after day. Why don't hospitals have a comment: I suppose, as a doctor, I should rise up and protect the wonderful institution we know as the hospital. I could say I warned you not to expect fancy hotel service, but I won't, because the patient and hundreds of others who have complained are absolutely right.

As a doctor, I can see no reason why it is important to disturb a patient's rest to take his temperature - especially if he isn't very ill and his previous readings have been normal.

I can see no reason why rooms should be cleaned before 8 or 9. Why one dose of medicine can't be skipped, unless the patient is mortally ill. If not wakening him will promote a few extra hours of rest. And why more imagination can't be used in serving the food. Why should hot tea be served cold, and cold milk be served warm?

I need remind you that the doctors themselves have been "patients" at heart.

I need to say that the nurses who come in to visit and check on you, know, I think, like angels of mercy? That the laborers work overtime of the operating room? That the diagnostic rooms are always ready to save and prolong the lives of those who are in the hands of the doctors?

Of course, I know all this. Why shouldn't I? Hospitals have been my second home most of my working life. Nevertheless, I end out in S.O.S. for all hospitalized patients. For pity's sake, don't disturb them unless you really have to. Don't wake them to ask if they are comfortable.

(Released by The Bell Syndicate, Inc.)

William Alexander Pogue of Francis Street West, Fenelon Falls, Ontario passed away at the Military and Naval Hospital, Bobcaygeon, on August 18, 1961, after a long illness. He was 81 years of age.

Mr. Pogue was deceased was born in Fenelon Falls, Ontario, and was married to Susanah Gertrude, daughter of Verulam Township, on February 18, 1900. The deceased was a farmer and had been retired since 1944. He was educated in the Fenelon Falls, Ontario, and was a member of the United Church.

He is survived by his wife, one son Rex Pogue, of Ottawa, Ontario, one daughter, Mrs. Kenneth Oliver (Saddie), Fenelon Falls, one grandson, Bryce Oliver, of Peterborough, and one sister, Mrs. Charles Weber (Edith), of Fenelon Falls. Mr. Pogue was predeceased by his parents, one brother, Albert, and four sisters, Mrs. Curtis (Mary Jane), Mrs. J. Tiers (Nettie), Mrs. V. Simon (Emma) and Pearl.

The funeral was held from 10 to 11 a.m. at the Patten Funeral Home, Fenelon Falls, on August 20, 1961, at 2:30 p.m. Rev. Col. Sidney K. Lambert, D.D., conducted service. Interment was in Fenelon Falls Cemetery.

The pallbearers were all nephews of the deceased: William Pogue, Stan Pogue, Melville Curtis, Gordon Curtis, Russell Webber and Alex McKee. There were many beautiful floral tributes from relatives, friends and neighbours.

Those attending the funeral from a distance were Mr. and Mrs. George Anst, Fenelon Falls, Ontario; Mr. and Mrs. Melville Curtis, Fenelon Falls, Ontario; Mr. and Mrs. Curtis, Toronto, Mr. and Mrs. Stan Pogue, Toronto, Everett Bell, Newmarket, Mr. and Mrs. George Oliver, Peterborough, William Allison, Mr. and Mrs. Howard Allison, Harrow, Ontario, Mr. and Mrs. George Bick, Mr. and Mrs. Wilbur Pogue, Mr. and Mrs. Wilbur Pogue and Laurie, Lindsay.

Pollen count 'creasing means sneezing & wheezing

Toronto, Ont. (UPI) - Hay fever sufferers, and a good many people who'd never had the ailment before, were sneezing and suffering in Toronto today.

Toronto, known as a bad spot for hay fever sufferers because of high tree wood pollen count, reached a summer-long high today with the pollen count averaging 10 grains per cubic yard - four times the concentration recorded as uncomfortable.

It is survived by his wife, one son Rex Pogue, of Ottawa, Ontario, one daughter, Mrs. Kenneth Oliver (Saddie), Fenelon Falls, one grandson, Bryce Oliver, of Peterborough, and one sister, Mrs. Charles Weber (Edith), of Fenelon Falls. Mr. Pogue was predeceased by his parents, one brother, Albert, and four sisters, Mrs. Curtis (Mary Jane), Mrs. J. Tiers (Nettie), Mrs. V. Simon (Emma) and Pearl.

The funeral was held from 10 to 11 a.m. at the Patten Funeral Home, Fenelon Falls, on August 20, 1961, at 2:30 p.m. Rev. Col. Sidney K. Lambert, D.D., conducted service. Interment was in Fenelon Falls Cemetery.

Sunderland took the third game of their best four out of seven series with Little Britain, Thursday night.

The score was a narrow 5 runs to 4.

Both sides played scintillating ball until the bottom of the 4th inning when Sunderland scored three runs.

Little Britain got one run in the top of the fifth and added three more when a fourth homered to left field with two men on base, putting the Brits ahead.

In the bottom of the 6th, W. Wakeford was ejected from the game by the umpire and the Jenkins took over behind the plate.

Cornish allowed a walk to force the tying run.

In the last half of the seventh with two out, Wells followed by a triple by Hogg which finished the game.

The final score was five to four for Sunderland.

Batteries were for Little Britain: Cornish pitching; Wakeford and S. Jenkins catching; McFadden, Pitching and Hogg catching.

Umpires for the game were Wildis and Hebble.

Russian writer Leo Tolstoy said: "The vacation of every man and woman is to serve other people."

Mr. and Mrs. Alan McKee, Mr. and Mrs. George Bick, Mr. and Mrs. John Patterson, of Bobcaygeon, Nancy and Peggy Carter of Torger.
